

Magnetic Stud Finder

The Compact Magnetic Stud Finder detects metal studs and fasteners within wooden studs, using a powerful Rare-Earth magnet for fast, accurate stud location. It includes felt pads to safeguard drywall and plaster walls. Features such as the center top notch, bottom opening, and bubble vial offer precise marking and alignment. Its compact design makes storage and transport easy; withstanding drops up to 9.9-Foot (3 m). Overmolded housing ensures a comfortable grip.

Specifications
