

PORTABLE POWER STATION

KBEP001

Free your mobile devices from wall outlets, extension cords, and limitations. The KwikBoost EdgePower® Portable Power Station delivers 100% cord-free power for laptops, tablets, phones, and much more.

Building on the success of our patented EdgePower Clamp-On Desktop Charging Station, this portable version trades the clamp for a grab handle to provide on-the-go convenience.

Like its predecessor, it features a standard AC outlet, a USB-A charging port with Quick Charge 3.0 technology, and a USB-C PD charging port. When loaded with a fresh EdgePower rechargeable battery, it can fully recharge a laptop up to 2 times, a Chromebook or tablet up to 4 times, or a smartphone up to 14 times. The Power Station can also charge a laptop and 2 mobile devices simultaneously.

To create a complete system, the Portable Power Station requires a KwikBoost EdgePower Rechargeable Battery. You also require your choice of a Single Battery Charger, 3-Bay Battery Charger, or 9-Bay Battery Charger (sold separately or in bundles).

Features:

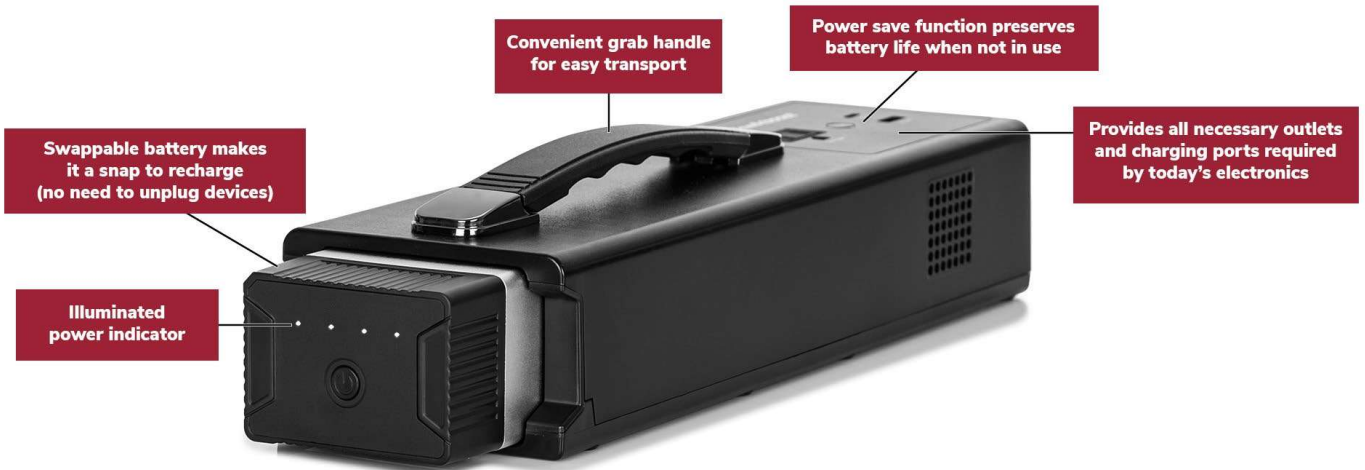

- Eliminates extension cords and power strips
- Charges a laptop up to 2 times, a Chromebook or tablet up to 4 times, and a smartphone up to 14 times
- Can simultaneously charge a laptop and 2 mobile devices
- Ultra-portable, easy-carry design
- 100V-120V 90W AC outlet
- USB-C PD charging port
- USB-A charging port with Quick Charge 3.0 technology
- EdgePower Rechargeable Batteries are hot-swappable for uninterrupted power (no unplugging of devices necessary)
- Backlit On/Off switch activates and deactivates AC outlet and USB charging ports to help conserve batteries
- Power save function automatically shuts unit off after three minutes when no devices are drawing power
- One-year limited warranty from the date of purchase

Specifications:

- Overall dimensions: 12.25" D x 4" W x 3" H
- Overall dimensions (with battery inserted): 13.75" D x 4" W x 3" H
- AC outlet: 100V-120V, 60Hz, modified sine wave
- AC outlet continuous output power: 90W
- AC outlet peak output power: 95W (10 minutes)
- USB-A port: 5V/2.4A (12W) - Quick Charge 3.0 Technology
- USB-C PD port: 5V/2A (10W), 12V/1.5A (18W)
- Controls: Power switch (turns AC outlet on and off)
- Certifications: FCC, ETL
- Device protection: Temperature protection, short circuit protection, self-balancing algorithm, overcharge protection
- Output protection: AC/USB outlet protection, power overflow protection, voltage underflow/overflow protection

POWERFUL | RECHARGEABLE | PORTABLE

KwikBoost EdgePower® Portable Power Station offers everything customers love about the patented clamp-on EdgePower but in an ultra-portable configuration for power on the go.

Bundles:

KWIKBOOST EDGEPOWER® PORTABLE POWER STATION PERSONAL USE BUNDLE

KBEP002

- 1 Portable Power Station
- 1 Rechargeable Battery
- 1 Single Battery Charger

KWIKBOOST EDGEPOWER® PORTABLE POWER STATION LIGHT USE BUNDLE

KBEP003

- 3 Portable Power Stations
- 3 Rechargeable Batteries
- 1 3-Bay Battery Charger

KWIKBOOST EDGEPOWER® PORTABLE POWER STATION HEAVY USE BUNDLE

KBEP004

- 6 Portable Power Stations
- 9 Rechargeable Batteries
- 1 9-Bay Battery Charger

KWIKBOOST EDGEPOWER® PORTABLE POWER STATION CONSTANT USE BUNDLE

KBEP007

- 6 Portable Power Stations
- 12 Rechargeable Batteries
- 1 9-Bay Battery Charger
