

Landscape & Garden Speakers (LGS300): Cone Series

Low cone-shaped design delivers 360 degrees of full range sound and the granite and green color choices allow this garden speaker to blend into any landscape style. Available in 8 ohm models with a 4-inch woofer (40W) or a 6.5-inch woofer (100W). The 70 volt models have either a 4-inch woofer (2.5, 5, 10, 15W power selector) or a 6.5-inch woofer (5, 10, 20, 40W power selector). Polyethylene enclosure is UV-light resistant, bug, puppy and lawnmower proof and is built to withstand 250 lbs of standing weight. Made in the USA.
