lock'n'charge
technologies

All in one Laptop management solution.

Safe and efficient charging... Equipped with ECO

Safe Charge. This remote controlled, intelligent system stages the availability of power to each Laptop bank. The functions available can help prevent power overloading, reduce energy bills, reduce carbon emissions and extend the life of your Laptop's batteries.

Under the top hood... Plug, store and secure all your Laptop power packs under the lockable lid.

Compatible... A unique feature of the LocknCharge Carts is the patented, one-time adjustable Laptop shelf.

This allows you to make the Cart suitable for Notebooks or Netbooks of almost any size.

Security... There is a high level of security built into the Carts.

Steel locking bars secure the Laptops into the Cart, whilst the heavy duty anchor kit locks the Cart down when it's not in use.
