

ESD-SAFE PART BINS AND SHELF BINS

Protect parts from the damaging effects of static electricity. **ESD-Safe Part Bins** stack securely and are permanently molded in conductive material for use in cleanrooms and workstations. **ESD-Safe Shelf Bins** nest when empty to save space. Bins are designed to fit on 12" and 18" shelving to enhance inventory control and part organization.

ESD-SAFE PART BINS

- 8 sizes available
- Label insert area for easy identification
- Smooth gravity flow interior optimizes parts accessibility
- Bins hang on most louvered panels or rails
- Solid covers are available to further protect parts by creating a Faraday Cage
