

BAHBE-8710
ERGO™ Hex Screwdriver with
Rubber Grip Double Handle 10 x
150 mm

PRODUCT DETAILS

- Screwdriver developed in accordance with the Scientific ERGO™ 11 Step Process
- Superior efficiency compared to standard hexagonal drivers
- Burnished finish tip for precise accuracy
- Three-component handle for maximum user comfort, soft material with ridged undermolded material provides superior grip and greater force transmission
- Color-coded handle with symbol on the domed end is an easy-to-choose feature for selecting the right tip
- No color identification in extra small handle, small sizes from 1.5 to 2.5
- Maximum comfort with minimum effort thanks to our ergonomic design
- Flat surface on the screwdriver handle limits rolling
- Integrated handle hole allows for hanging on a peg board, securing a lanyard or inserting another screwdriver blade for added leverage
- High performance hardened alloy steel blade with chrome plating for high protection against corrosion and long tool life
