Charge, store, secure
and transport up to
20 devices.

Efficient charging. The Carrier 20 Cart is capable of charging up to 20 mobile devices simultaneously, including Chromebook, iPad and other Tablet devices.

Compatible.¹ Larger Baskets by LocknCharge are designed to accommodate almost any device, including larger Chromebooks as well as most Tablets with cases.

Secure. After a day of use, lock the sliding top lid and attach an optional anchor kit to lock down the whole Cart for additional security.

Large Baskets by LocknCharge. Make device deployments faster and safer, so that Teachers and IT Administrators can focus on creating an engaging learning environment.

Style meets functionality. The Carrier 20 Cart features a soft closing lid, so that the devices can be accessed from multiple sides and by more than one person at a time.

Lifetime warranty. Schools can be tough on Carts. LocknCharge Carts are built to last.²

It just makes life easier.

Safe, efficient and future proofed with ECO Safe Charge™ power management system for charging 20 devices at once. ECO Safe Charge can handle the power requirements of almost any device by staging the availability of power to each bank of devices. Additionally, a remote control is included so that the Cart can be turned on from almost anywhere in the classroom.

New larger Baskets by LocknCharge. The Carrier 20 Cart is equipped with larger Baskets, allowing it to fit bigger devices. Now you can store and safely distribute 13" Chromebooks, Tablets or iPad devices.¹

Are your devices still too big for the Baskets? The Carrier 20 Cart features a three level adjusting storage shelf. This allows users to insert the optional Stainless Steel Device Rack into the Cart's storage area. The Rack is designed to accommodate up to 17" Laptops. Contact us for more details.

Easy cable management. LocknCharge cable management has been simplified so that you can wire an entire Cart in minutes. Save time with set up and gain time using your Cart.

Highly Secure. Our heavy-duty construction and a two-point locking system protects your valuable device investment when they're not in use. Additionally, use the optional anchor kit so that the Cart can be secured in one location.

Modular syncing (optional). Don't buy a new Cart, purchase the hand held iQ 16 Sync Charge Box™ which allows you to carry the unit to where syncing is required (sold separately). Contact us for more details.

Secure soft closing, sliding lid.

Doubling as an additional workspace, the soft closing lid can hold up to 44 lbs. of additional resources when extended.
