

iQ 10 Charging Station™

Charge, store and secure up to 10 iPad or Tablet devices.

-  **Baskets by LocknCharge.** Make device deployments faster and safer, so that Teachers and IT Administrators can focus on creating an engaging learning environment.
-  **Wall or desk mounting.** Transform any wall, desk or bench into a secure space for charging mobile devices. The iQ 10 Charging Station is designed to be flexible and adapt to your surroundings.³
-  **Lifetime warranty.** Schools can be tough on Charging Stations. LocknCharge products are built to last.²
-  **Efficient USB charging.** With up to 2.4 amps of power at each port, you can simultaneously charge 10 devices in approximately the same time as charging just one.
-  **Compatible.** Universal design and functionality makes it compatible with all iPad models and most Tablets, with or without cases.¹
-  **Secure.** Keep your valuable device investments safe. The combination of welded steel construction, the mounting-kit and a hardened steel padlock, protects your devices while they're not in use.

It just makes life easier.

Designed to go where other Charging Stations can't. Baskets by LocknCharge allow you to share and safely distribute the devices that are stored in the iQ 10 Charging Station, between multiple classrooms. They also enable students to assist in the distribution of devices, so teaching can happen faster. The Baskets are interchangeable with LocknCharge Carts that use the same Basket ecosystem, such as the iQ 20 Cart™.

Devices and cases. Baskets by LocknCharge are designed to accommodate Tablet devices with or without cases. Contact us for more details.

Easy cable management. LocknCharge cable management has been simplified so that you can wire an entire Charging Station in minutes. Save time with set up and gain time using your iQ 10 Charging Station.

Secure charging. The externally accessible power outlet means that you can charge your devices while they're safely locked in the Charging Station.

Need syncing? The iQ 10 Sync Charge Station is available, as well as the iQ 16 Sync Charge Box™, which is a handheld unit that is designed to be carried to where syncing is required. Contact us for more details.
