(C) Tools Needed for Assembly:

Touchboards

205 Westwood Ave, Long Branch, NJ 07740
Phone: 866-94 BOARDS (26273) / (732)-222-1511
Fax: (732)-222-7088 | E-mail: sales@touchboards.com

Installation Steps:

STEP 1: Preparations before installing monitor

1. Make sure there are VESA holes 100x100mm or 75x75mm in the monitor. If not, the mount couldn't be installed.
2. Remove the original fixed base of monitor. Be careful not to scratch the screen.

STEP 2-A: Install the bracket to the desk

▲ For table thickness: 20 - 120mm
(0.78" - 4.72") Select right holes
according to the thickness of desk

STEP 2-B: Install the bracket to the desk

▲ For table thickness: 20-120mm
(0.78" - 4.72")

STEP 3: Attaching the monitor to the plate

STEP 4: Using cable management

CAUTION

This product contains small items that could be a choking hazard if swallowed. Keep these items away from young children.

- Make sure these instructions are read and completely understood before attempting installation. If you are unsure of any part of this installation, please contact a professional installer for assistance.
- The desk or mounting surface must be capable of supporting the combined weight of the mount and the monitor, otherwise the structure must be reinforced.
- Proper tools must be used. A minimum of two people are required for this installation. Failure to install properly can result in property damage or serious injury.
- Check joint parts every two months, making sure the screws have not loosened.

This product was designed to be installed on a desk. Before installing, make sure the mount will support the combined load of the equipment and hardware. Never exceed the maximum load capacity 19.8 lbs (9 kg), or else it may result in product failure or personal injury.

Note: This product is intended for indoor use only. Use of this product outdoors could lead to product failure or personal injury.
