MW-5348-XFCG	53" x 48"	1	1	1	1	1

Important Product Notes:

- A Starter Wall is freestanding and can be used alone or connected to Add-On Walls.
 - If you only desire a single freestanding wall, choose a Starter Wall in your preferred size.
 - If you desire a wall system that includes multiple walls connected together, the system must include one Starter Wall.
- An Add-On Wall cannot stand on its own because it only has one vertical support. It must connect to either a:
 - Starter Wall
 - An Add-On Wall that is connected to a Starter Wall
- If you wish to mix and match wall sizes:
 - You can connect an Add-On Wall of any width to a Starter Wall of any width.
 - You can connect any 48"-tall Add-On Wall to:
 - Any 48"-tall Starter Wall
 - Any 48"-tall Add-On Wall
 - You can connect any 48" or 70"-tall Add-On Wall to:
 - Any 70"-tall Starter Wall
 - Any 70"-tall Add-On Wall
 - You cannot connect a 70"-tall Add-On Wall to:
 - Any 48"-tall Starter Wall
 - Any 48"-tall Add-On Wall
- If you wish to mix and match wall heights, always use a 70"-tall Starter Wall.
