

CHARGING STATION

12 TABLET/CHROMEBOOK WALL-MOUNTED CHARGING STATION

Save space with Luxor's sleek 12-device wall-mounted charging station that safely stores, charges, and secures tablets and Chromebooks.

Designed specifically to be wall hung, this fully assembled multi-device charging station includes a unique tilt placement divider system that allows for effortless insertion and access to electronic devices while a separate AC adapter power compartment enables power cords to be organized and secured in place with hook and loop fasteners.

This modern charging station features all-steel construction and locking doors making it ideal for schools, healthcare facilities, retail stores, hospitality venues, training centers, and offices that require secure charging without compromising floor space.
