Professional Mounts & Solutions

peerless-AV[®]

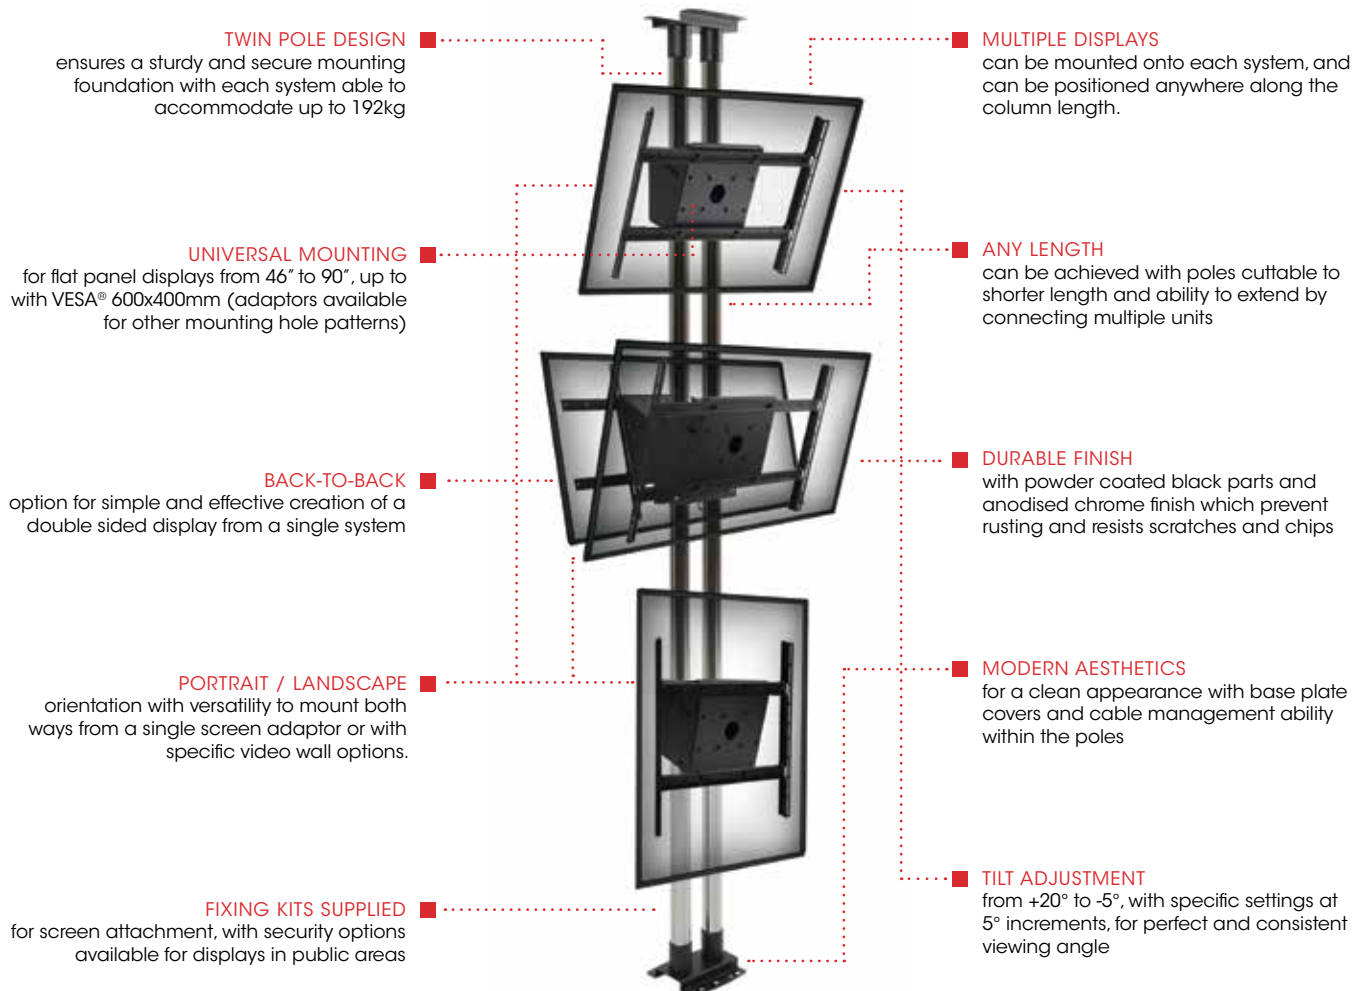

Introducing the innovative & versatile Modular Series solutions from Peerless-AV

THE DIFFERENCE WITH TWIN POLE MODULAR SERIES

Large scale AV installations can be an involved and time consuming business. However, Peerless-AV believe that bigger, both in terms of screen sizes or number of displays, does not have to mean more complicated. By constantly striving to improve the versatility and ease of use of our products, and through working closely with installers and integrators the new Twin Pole Modular Series product range is designed to ensure the very best installer experience.

Designed around a standard 50mm diameter twin column the components in this series can be combined to fulfil multiple requirements, from a single ceiling mounted display to an unlimited floor-to-ceiling video wall array. With a minimum number of SKUs and a simple, intuitive method of selecting the required parts it could not be simpler to create the bespoke Modular Series arrangement that is ideally suited to your next project.

For peace of mind all Modular Series products are tested to the highest UL mounting safety standards to withstand four times the rated load capacity. They also include a number of innovative features and benefits, such as incremental tilt and back-to-back screen options, making them the most versatile and easy to install products available.

Configuration Options

There are two ways to configure your Modular Series solution, depending upon your specific requirements. This can be in either a single twin column application with one or more displays on an individual unit or with a number of twin column units and multiple screens on each combined to form a video wall application.

SINGLE APPLICATION

One twin pole system, available in 4 different mounting options, with single or multiple displays arranged in portrait, landscape or back-to-back orientation using MOD-UNL screen adaptor.

Build the right Modular System for you in four simple stages...

Simply choose the components and functionality you need and custom build a set-up that matches your overall requirements.

1 CHOOSE THE CEILING / FLOOR / WALL PLATE

Heavy Duty Floor/ Ceiling Plate

MOD-CPF2 (Black)

Mounts to concrete and wood joist
Max Weight: 192kg (422lb)

Heavy Duty Floor / Ceiling Plate Cover

MOD-ACF2 (Black)

For use with MOD-CPF2 only

Wall Plate

MOD-WP2 (Black)

Adjustment: +/- 22.2mm

I-Beam Ceiling Plate

MOD-CPI2 (Black)

Fully adjustable for I-beams
85mm to 250mm wide
Max Weight: 192kg (422lb)
Tilt Angle: +/- 60°

Floor Pedestal Plate

MOD-FPP2 (Black)

For freestanding applications
Max Weight: 192kg (422lbs)

2 SELECT POLE LENGTH & ACCESSORIES

Extension Poles

MOD-P100 1.0m (39") length,
MOD-P150 1.5m (59") length,
MOD-P200 2.0m (78") length,
MOD-P300 3.0m (118") length

Tube End Cap Kit

MOD-ACAP (Black)

Kit contains 2pcs
Provides clean pole end finish

Trim Disc

MOD-ATD-W (White)

Fits around pole to clean up rough cut through false ceiling tiles

Pole Coupler

MOD-APC (Chrome)

Connects 2 x 50mm diameter poles

Pole Drill Fixture

MOD-ADF (Black)

Allows marking & positioning of new installation holes to be drilled into newly cut 50mm diameter poles

3 WHICH SCREEN CONFIGURATION?

Flat Mount Single & Back-to-Back Screens

Screen-Stacking Clamp MOD-ASC2 (Black)

Clamps around extension pole to stack multiple screens
Max: weight 96kg (211lb)

Single Screen Mount MOD-FPMS2

Tilt Angle: +20/ -5°
VESA®: 75/100/200 x 200mm
Max weight: 96kg (211lb)

Back-to-Back Screen Mount MOD-FPMD2

Tilt Angle: +20/ -5°
VESA®: 75/100/200 x 200mm
Max weight: 192kg (411lb)

Full Service Video Wall Mount

Wall Mount Adapter MOD-AWM2

Allows for a wall mount to be attached *
Max weight: 96kg (211lb)

4 REQUIRED SCREEN ADAPTOR MOUNT

Universal Screen Adaptor MOD-UNL2

Screen Size: 46" - 90"
Max VESA®: 600 x 400mm
Max Weight: 96kg (211lb)

Media Box Holder MOD-MBM (MOD-FPMS2 only)

Max weight 4.55kg (10lb)
Max internal dimensions:
195x195x35mm

Media Box Holder MOD-MBL (MOD-FPMS2 only)

Max weight 90kg (198lb)
Max internal dimensions:
241x196x63mm

Landscape Video Wall DS-VW765-LQR & DS-VW765-LAND (See page 13 for full spec)

Portrait Video Wall DS-VW765-PQR & DS-VW765-POR (See page 13 for full spec)

* MOD-AWM2 is also compatible with flat & tilt models from the SmartMount range (SF640 to SF680 & ST640 to ST680)

IF you require further assistance or additional information on how to select the correct configuration for your requirements please contact Peerless-AV on Tel: +44 (0) 1923 200100 ; E-mail: info@peerless-av.eu.com ; Web: www.peerless-av.com

FREE STANDING VIDEO WALL

This versatile free standing configuration is a fast and effective method to create an eye-catching video wall array in a wide range of applications and settings. When deployed for use in public spaces safety and security are assured with the ability to bolt the floor plate in place and the use of security screen attachment hardware fixings.

Example: DS-VW765-LAND

Max weight
57kg per display
192kg total @ 2m length

**DS-VW765-LAND
MICRO-ADJUSTMENT**
8-point tool-less fine tuning ensures seamless display alignment

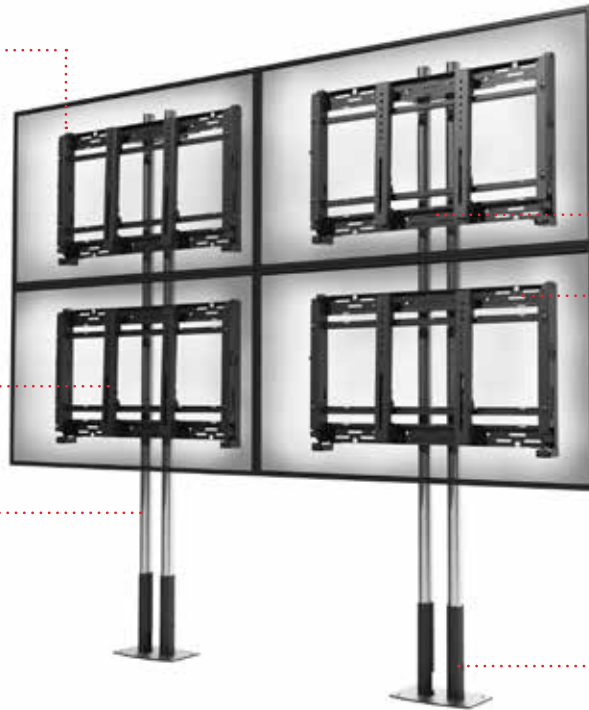

**DS-VW765-LAND
HORIZONTAL SHIFT**
Left-to-Right adjustment for flush display positioning

MOD-P200 POLES
2m long 50mm diameter chromed poles (2m max. height)

MOD-AWM2
Video Wall mount adaptor can be positioned at any point along the columns

**DS-VW765-LAND
VIDEO WALL MOUNT**
Universal for flat panel displays from 40" to 65" up to VESA® 700 x 400mm

**MOD-FPP2 HEAVY DUTY
FLOOR FIXTURE**
Free standing floor plate can be bolted down for added stability

Full Service Video Wall Mounts

Peerless-AV understands the challenges facing installers and integrators and our experience in the market has led to the creation of mounts that are packed with innovative features that offer up to a 60% reduction in installation time. With a choice of Quick Release or Full Service in both Portrait and Landscape there is a solution for every requirement.

Quick Release, Full-service video wall mount

DS-VW765-LQR (Landscape)

for 46" to 65" displays
up to VESA® 700x400mm
57kg max weight

DS-VW765PQR (Portrait)

for 42" to 65" displays
up to VESA® 400x600mm
57kg max weight

Key Features

- Easy-to-use push release and pop out mechanism provides quick service access, even for in-wall applications, while spring loaded catch securely clicks the display back into place
- Quick release can be restricted with a locking screw when feature is not needed
- Carriage extension force can be adjusted to compensate for the weight of the display
- Tool-less micro-adjustments at 8 points seamlessly align the displays
- Display extends from wall with prop-open function for simple service and maintenance

Full-service video wall mount

DS-VW765-LAND (Landscape)

for 40" to 65" displays
up to VESA® 700x400mm
57kg max weight

DS-VW765POR (Portrait)

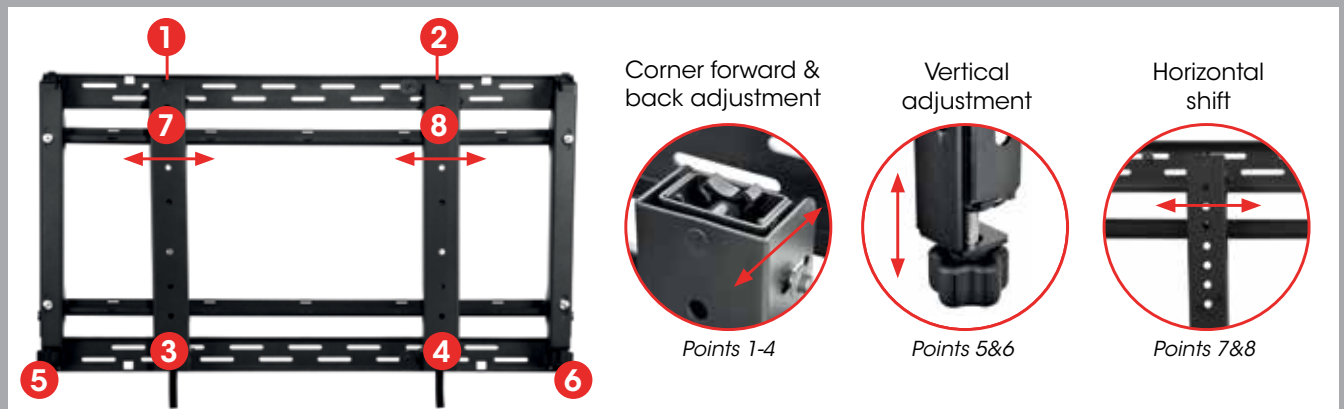

for 42" to 65" displays
up to VESA® 400x600mm
57kg max weight

Key Features

- Tool-less micro-adjustments at 8 points seamlessly align the displays
- Display extends from wall with pull-out & prop-open function for simple service and maintenance
- Displays click securely back into place with spring-loaded mechanism
- Included security hardware prevents the mount from extending out from the wall
- Integrated cable management tie-backs make display-to-display cabling simple

One of the most time consuming and challenging parts of any video wall installation is to ensure that all the displays are perfectly aligned with no gaps or spaces between them. With Peerless-AV mounts this process could not be quicker or more simple. Tool-less micro-adjustments at 8 points enables every panel in an array to be individually fine tuned, both horizontally and vertically, as well as at all 4 corners for effective pitch and roll movement.

Technical Specifications

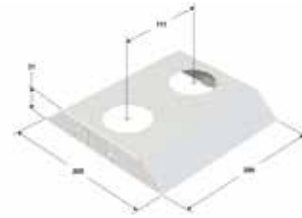

Heavy Duty Flat Ceiling/ Floor Plate MOD-CPF2 (Black)

- Mounts to concrete & wood joist
- Use as floor plate in floor-to-ceiling applications
- 170kg (374lbs) max weight capacity

Ceiling/ Floor Plate Cover MOD-ACF2 (Black)

- For use with MOD-CPF ceiling/floor plate.
- Can be installed over an existing installation
- Suitable for ceiling and floor-to-ceiling applications

I-Beam Ceiling Plate MOD-CPI2 (Black)

- Fully adjustable for I-beams 85mm to 250mm wide
- 120kg (264lbs) max weight capacity
- +/- 60° tilt angle

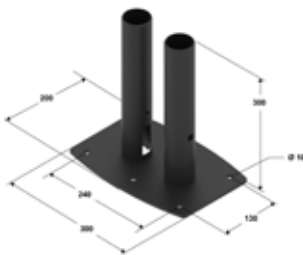

Wall Plate MOD-WP2 (Black)

- Mounts to wall
- Secures twin poles parallel to wall
- ±22mm of front-to-back adjustment

Floor Pedestal Plate MOD-FPP2 (Black)

- For Freestanding applications
- Can be bolted to floor
- 192kg (422lbs) max weight capacity

Chrome Extension Poles

- MOD-P100 - 1.0m (39")
- MOD-P150 - 1.5m (59")
- MOD-P200 - 2.0m (78")
- MOD-P300 - 3.0m (118")

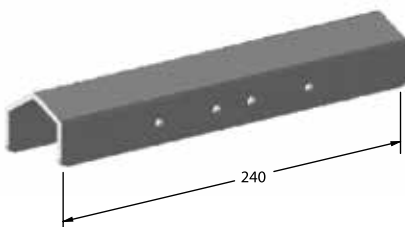

- 50.8mm (2") diameter pole
- Cuttable to desired length
- Polished durable chrome finish

Ø50.8mm
[2.0in]

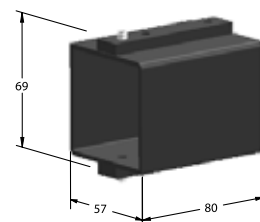

Pole Coupler MOD-APC (Chrome)

- Connects 2 x 50mm diameter poles

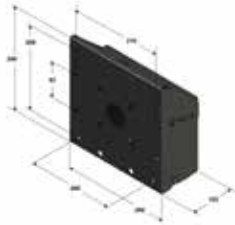

Pole Drill Fixture MOD-ADF (Black)

- Allows marking and positioning of new installation holes to be drilled into newly cut 50mm diameter poles

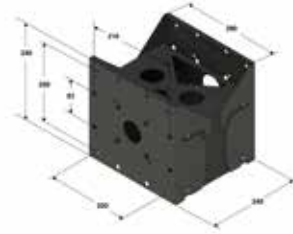

Single Screen Mount MOD-FPMS2 (Black)

- For 10"-75" flat panel screens
- VESA 75, 100 & 200x200mm compatible
- 100kg (220lbs) max weight capacity
- +20/-5° tilt lockable in 5° increments

Dual Screen Mount MOD-FPMD2 (Black)

- For 10"-75" back-to-back flat panel screens
- VESA 75, 100 & 200x200mm compatible
- 170kg (374lbs) max weight capacity
- +20/-5° tilt lockable in 5° increments

Screen Stacking Clamp MOD-ASC2 (Black)

- Clamps around extension pole to stack multiple single & back-to-back screens
- Can be positioned at any point on the column length
- 96kg (211lbs) max weight capacity

Wall Mount Adaptor MOD-AWM2 (Black)

- Clamps around extension pole to stack multiple video wall mount
- Can be positioned at any point on the column length
- 96kg (211lbs) max weight capacity

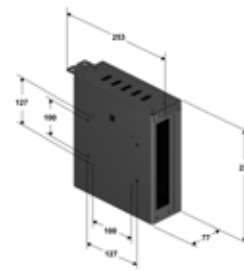

Large Universal Adaptor MOD-UNL2 (Black)

- For 46"-90" flat panel screens
- Expands from 200 to 600mm wide
- Compatible up to VESA 600 x 400
- 96kg (211lbs) max weight capacity

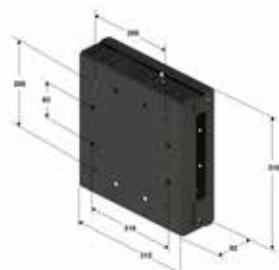

Media Box Holder MOD-MBM (Black)

- Medium - 195 x 195 x 35mm max internal
- Attaches to back of MOD-FPMS2 only
- 4.55kg (10lbs) max weight capacity

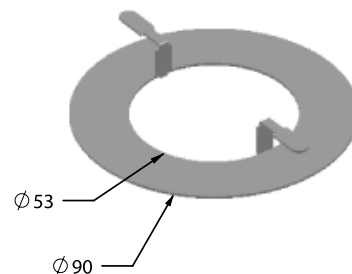

Media Box Holder MOD-MBL (Black)

- Large - 241 x 196 x 63mm max internal
- Attaches to back of MOD-FPMS2 only
- 90kg (198lbs) max weight capacity

Trim Disc Accessory MOD-ATD-W (White)

- Fits around 50mm pole to clean up rough cut through false ceiling tile

If you can imagine it, we can create it with Peerless Custom Mounting Solutions

Peerless-AV CMS places the resources of the industry leader in custom mounting solutions at your disposal. Whether your requirement is a simple modification to a standard Peerless product or a large scale, fully bespoke installation, Peerless CMS has the experience, know-how and facilities to make your solution a reality.

Special customer requests are the very reason why Peerless CMS exists. Through our customer focused D³ process - Design, Develop and Deploy, we work with you from creating the initial concept through to the installation of your solution.

We offer direct access to highly trained teams of mount design professionals who not only understand the AV landscape, but also are experienced at serving your markets. They are backed by over 40 years of experience.

Peerless is driven by the challenge of unique customer requirements. We have a long history of creating innovative solutions in every professional market - from hotels, restaurants, retail stores, hospitals, stadiums, pubs and clubs, schools and universities, we are ready to help you.

So if the mounting solution you require is not available in this brochure then please do not hesitate to contact us today to take advantage of this bespoke service.
