

MULTIMETERS / CLAMP METERS

DCM310

DCM310, DCM320, DCM340 CLAMP METERS

- Resistance measurement up to 20 MΩ on DCM320; 400 Ω on DCM340.
- Measures ac current up to 600 A.
- Data hold feature.
- Meet safety requirements of IEC 1010 CAT III 600V.

DCM330 FORKMETER

- Open-jaw design enables simple and fast measurements.
- ac and dc voltage measurements up to 1000 V.
- Resistance range up to 20 MΩ.
- Continuity buzzer and diode check.
- Non-contact detection of ac voltage.
- CAT IV, 600 V.

DCM300E AC LEAKAGE CLAMP METER

- Designed for non-intrusive measurement of leakage current.
- 30 mA, 300 mA, 30 A and 300 A range.
- Resolution to 0.01 mA for recognition of minute leakage currents.
- Data hold button retains the measurement on the LCD for viewing at a later time.
- Designed for ground fault troubleshooting in conjunction with plant safety systems.

NEW DCM1500 1500 A TRMS CLAMP METER

- DC and AC current up to 1500 A
- True RMS measurement for greater accuracy
- Large jaw size safely assists with uninsulated conductor measurements
- 750 VAC and 1000 VDC
- Resistance, continuity and frequency
- Peak, min/max and data-hold functions

ORDERING INFORMATION DCM SERIES

Cat. No.	Measurement Range	Warranty
DCM300E	300 mA / 300 A ac	3 Years
DCM310-EN	400 A ac	1 year
DCM320-EN	400 A ac	1 year

Cat. No.	Measurement Range	Warranty
DCM330-EN	200 A ac	1 year
DCM340-EN	600 A ac/dc	1 year

AVO410 CAT IV TRUE RMS MULTIMETER

- 6000 count backlit digital display.
- True RMS reading on ac mode.
- 1000 V d.c. / 750 V ac ranges.
- 10 A ac / dc ranges.
- Resistance, frequency and capacitance ranges.
- CAT IV 600 V safety rating.

ORDERING INFORMATION AVO410

Cat. No.	Description	Warranty
AVO410	CAT IV true RMS multimeter	3 years
