## WavDri™ Drying Trays

WavDri is a cannabis drying tray designed to maximize efficiency with better airflow and a thorough rotation process. Features such as a light weight material, rotation indicator and Microban antimicrobial make this polymer drying tray ideal for agribusiness processing. The patent-pending clamshell rotation feature allows you to quickly rotate the flower.

Part #: DT1826-P

**Durable:** Manufactured from FDA approved food safe polypropylene.

**Light:** WavDri™ weighs 2 lbs.

**Barcode area:** Tray provides space for barcode labels up to 3" x 1/2"

**Safe:** Inclusion of Microban antimicrobial helps mitigate the proliferation of bacteria and mold.

**Easy to Clean:** WavDri™ trays are designed to be machine washable in temperatures up to 212°F/ 100°C. Trays are manufactured from food-safe polypropylene and are resistant to most cleaning agents including isopropyl alcohol, hydrogen peroxide and bleach solutions.

**Efficient Rotation process:** Use of optional indicator plaques assist to visual rotation process.

**Stackable:** Trays nest for storage.

**Specifications:** 18" (457.2 mm) x 26" (660.4 mm) x 1 1/4" (31.75 mm).

**Accessory:** Indicator Plaque (DT-KB). Quickly identify if the trays have been rotated using indicator plaques, which visually alternate from red to white when using the clamshell rotation feature for a consistent documented rotation process.

Certified for direct food contact.
