

Projection Plus® Board

with Presidential Trim

MOORECO™

Projection Plus® Board - Presidential Trim

- The versatile Projection Plus® Board is the ideal choice for a multipurpose audio/visual environment. Matte gray magnetic porcelain steel surface cuts glare by 60% over standard porcelain steel boards.
- Gray projection surface intended for everyday presentation and media viewing purposes. Surface requires cleaning with a damp cloth for optimum performance. Some ghosting may occur. Please see any of our boards with a white finish for a board to be used primarily as a writing surface.
- Rounded anodized aluminum Presidential Trim includes injection-molded curved corner pieces for an upscale and modern board. Available in silver or black.
- Made in the USA. Fifty year limited warranty.
- Projection Plus® not intended for use with interactive projectors. For interactive projectors with strict flatness requirements, we recommend the Interactive Projector Board, providing guaranteed results for projectability, erasability, and durability.

Projection Plus® Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28 gauge (standard) or 24 gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450° F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. A fade resistant waterproof resin glue bonds the porcelain to an MDF core and foil backer.
- Galvanized steel backer available at an upcharge.
- Custom sizes are available.

Part No.	Product Dimensions	Ship Wt.
Projection Plus Board - Presidential Trim (Silver)		
204PD	4'H x 4'W	69 lbs
204PG	4'H x 6'W	94 lbs
