

Evolution Projection Board

with Deluxe Aluminum Trim

MOORECO™

Evolution Projection Board - Deluxe Aluminum Trim

- The versatile Evolution Board is the ideal choice for a multipurpose AV environment. The specially engineered magnetic porcelain steel surface provides rich and vivid projector images.
- Matte gray finish provides excellent sharpness and clarity, reducing dullness caused by external light sources. Intended primarily for use as a projection surface for everyday presentation and media viewing. For a board to be used primarily as a writing surface, please see any of our boards with a white finish such as porcelain steel.
- Evolution surface requires weekly cleaning with a damp cloth for optimum performance. A small amount of marker ghosting may occur.
- Evolution boards are not intended for use with interactive projectors. For interactive projectors with strict flatness requirements, we recommend the Interactive Projector Board, providing guaranteed results for projectability, erasability, and durability.
- Anodized aluminum trim has a .88" profile with hairline mitered corners. Black aluminum trim available at an upcharge. Features a full-length tackable map rail and a full-length accessory tray with rubber Dura-Safe® end caps to eliminate sharp corners.
- Made in the USA. Fifty year limited warranty.

Evolution Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28 gauge (standard) or 24 gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450° F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied.
- Fade-resistant waterproof resin glue bonds the porcelain to a moisture-resistant core.
- Damp erasing is required for optimum performance. Some ghosting may occur.

Part No.	Product Dimensions	Ship Wt.
Evolution Projection Board - Deluxe Aluminum Trim		
404AA-52*	1.5'H x 2'W	10 lbs
404AB-52*	2'H x 3'W	20 lbs
