MYNDSHARE
collaboration software!

MyndShare
Power by Qwizdom

MyndShare provides individual subject-specific learning tools for drawing, mathematics, literacy, geography, and science. Instantly share content as students follow along on their devices, take notes, answer questions, and share annotations over the top of any live lesson!

- Seamless technology integration and collaboration
- Annotation over any content or application
- 70+ teaching tools and built-in apps
- Fun interactive games & lessons
- Multi-touch capabilities for simultaneous use of tools

- Easy Assessment: polling and reporting
- Available in 40+ languages
- Capable of legacy content use
- Works on Windows and Mac OS X; LAN collaboration with Chromebooks, iOS, Android, MacOS and Windows devices
- 2 presenter (school + home use) & 5 LAN collaboration licenses (free updates with no annual fees!)
