

Empowering you to work smarter

NRRD Recovery Unit

Light • Fast

One Key Operation

- Easy to use

Twin Cylinder

- Fast recovery

Oil-free Compressor

- Suitable for all commonly used refrigerants

Self-purge Function

- Prevents mixing of various refrigerants

High Pressure Protection

- Added safety

Model		NRRD			
Refrigerant Type		Category III: R-12, R-134a, R-401C, R-500 Category IV: R-22, R-401A, R-401B, R-402B, R-407C, R-407D, R-408A, R-409A, R-411A, R-411B, R-412A, R-502, R-509 Category V: R-402A, R-404A, R-407A, R-407B, R-410A, R-507			
Power Supply	V/Hz	115V/60Hz			
Motor	HP	1			
Max Current Draw	A	10			
Compressor		Oil-less, Air-cooled, Piston style			
Automatic Safety Shut-Off		558 psi / 38.5 bar			
Recovery Rate	lbs/min	High Temp Vapor	R-22	R-134a	R-410a
		Direct Vapor	0.46		
		Direct Liquid	0.49	0.35	0.33
		Push/pull Liquid	4.3	4.1	5.64
Dimension	in	18 × 10 × 14	11.66	9.3	16.71
Weight	lbs	30
