GREAT IDEA! WE MAKE IT HAPPEN

Want to create visual art? Want to show everyone that you believe in what you do?
With our stunning LED solutions it is no problem at all.

Over the past 15 years, Sharp NEC's line of S[quadrat] LEDs have been installed in numerous large scale projects around the globe. We distinguish ourselves by service, knowledge, quality and reliability of our display solutions.

Bring your ideas to life with us, we are there for you from the first planning step.

6 POINTS OF SERVICE

1

CONSULTING

We are happy to evaluate your existing or new display solution ideas to advise you on how to best maximize the impact of your digital display platform. We can also bring the full breadth of the Sharp NEC portfolio to the discussion for more than just LED solutions.

2

DESIGN

Our engineers can create a detailed plan, design and even build the ideal LED display solution for your project, making sure the it's completed on time and within budget.

3

PRODUCTION

We manufacture standard and customized product solutions; this applies to the LED modules as well as the associated substructures and mounting. We produce all the components ourselves or with tightly controlled specifications with 3rd parties in order to provide timely and quality fit and finish.

Please send us an email or give us a call.
The team is looking forward to working with you.

4

CONSTRUCTION

Our on-site engineers are an important factor to ensure your project's success. Their knowledge and flexibility can help your project be successful from concept to final commissioning.

5

TRAINING

Our trainers are real experts. They pass on their knowledge relating to your display system to those who will be supporting the system after installation. In turn they become experts.

6

AFTER-SALES SERVICE

After the project, you can rely on us just as much as during the project. All of our products carry standard warranty backed up by our North American service team and our additional warranty service options offer additional peace of mind.
