Product Description:

NEW HAKKO Desoldering Maintenance Kits

Part No:

HJ2002-03

HJ2002-04

Comments:

Due to the confusion with which parts to buy, station maintenance can become a difficult task. Now, with the new HAKKO HJ2002-03 and HJ2002-04 Desoldering Maintenance Kits, all of the parts and cleaning tools that are needed to keep your station running and well maintained can be purchased in one kit.

This kit provides all of the necessary cleaning tools for regular maintenance of various nozzle sizes. Also provided, are plenty of filters that need to be changed the most frequently to prevent particles from clogging the vacuum pressure. The most common replacement parts are also provided so that your station can last even longer.
