LEADING THE **NEXT GEN** OF DESKTOP COLLABORATION

The Newline Flex is a versatile all-in-one touch monitor designed for desktop collaboration. Phones, tablets, and many other smart devices are intuitively touch and collaborative, it's time for the desktop to join the party. Use the Newline FLEX to eliminate desk clutter from cables and peripheral devices, by plugging up to your laptop and getting to work. Increase productivity, join video calls, and host collaboration sessions with the Newline FLEX.
