

HPD™ HandPlunger

The most useful dispenser available. Applies thick fluids (sealants, solder/brazing pastes, epoxies and grease) easily, accurately and without drip or ooze.

Use at workbenches, for field repair kits and for assemblies. Replaces fatiguing, inefficient hypodermic syringes that drip, and messy squeeze tubes and bottles.

Models

7023615	For 3cc barrel size
7023622	For 5cc barrel size
7023596	For 10cc barrel size
7023610	For 30cc barrel size

Applications

Use wherever hand syringes are used.

Order accessories and dispensing components separately.
