DESCRIPTION

The PBC-FCTA-QL includes the PBC-UMS universal projector mount for projectors up to 40 lb. (18 kg) and false ceiling adapter (PP-FCTA-QL). The PBC-UMS offers flexible projector positioning with four patented dual-joint support arms (US Patent number 7,942,375) that can reach almost any mounting point. The PP-FCTA-QL allows precise projector placement while hidden above ceiling tiles within the T-bar frame.

FEATURES

- Projector mount features cable routing inside pipe
- Gyrolock™ quick installation connector
- Four dual-joint support arms with Lock-It™ security leveling barrels for greater protection
- Adapter plate sits hidden above ceiling tile within the T-bar frame
- Provides nine inches of lateral shift for precise projector placement
- Ceiling adapter includes wingnuts for tool-free projector adjustments
- Includes 100 ft. of braided cables with looped ends and quick-locks and hole-cutting escutcheon ring
