

# CleanBoard

New Generation Writing Board: No Marker Residue and Low Maintenance cost

# PLUS

## No Marker use, keeps you CLEAN!

Keep the stains away!

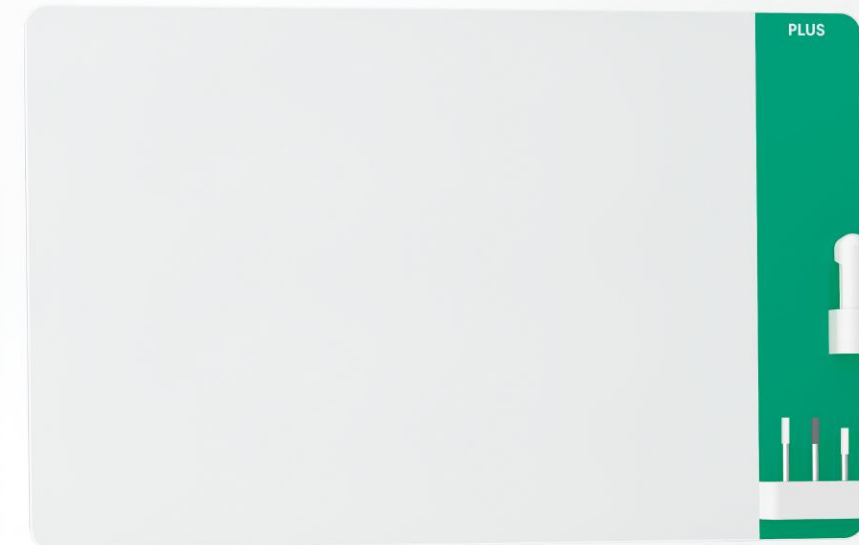

### No more need to worry about running out of ink

As no markers are used, no continuing cost occurs.

Annual running cost of using 4 Markers /month:  
 $¥130 \times 4 \times 12\text{Months} = ¥6,240$

Eco-Friendly PLUS magnetic sheet

# CleanBoard

# CleanBoard

Requires No Ink,  
Produces No Dust,  
Is Maintenance-Free

No marker use prevents stains on your hands and clothes.

Eco-friendly: No ink means no additional markers or erasers required

CleanBoard is suitable for the offices of the future.

## Easy to write, detailed lines, eco and budget friendly

High resolution magnetic sheet yields detailed lines and it stands up for repeated normal use.

### Clean Sheet Technology

**"Writing" without ink**

PET

Micro Capsules (Φ100~300µm)

Iron particles contained in the microcapsules are pulled to the surface by pen tip magnet creating readable and smoothly written lines!

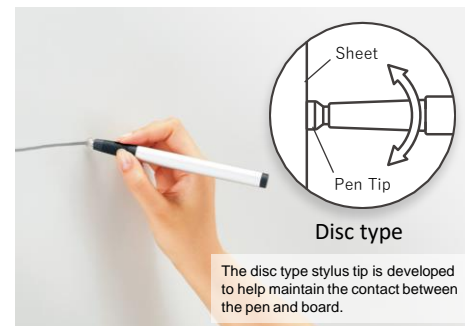

## Write

Newly developed sheet enables higher contrast

With customers' input, we managed to improve the board. The new board has higher contrast visibility.

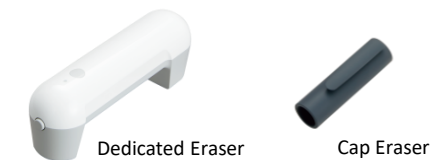

**Bold and Dark Lines !**  
Newly Developed CleanBoard Pen with enhanced visibility

## Erase

Proprietary technology makes front-side erasing and part erasing possible

Unlike an ordinary magnetic sheet, you do not need to erase from the back side. Use the dedicated eraser to erase directly from the front side.

Proprietary Electric Eraser with a rotating mechanism.

The eraser can quickly erase a large area. It comes with the purchase of CleanBoard

## Easy Operation with Optimized Image saving !

Clean board

Apps Free Download

Download on the App Store

GET IT ON Google Play

Just write and shoot the board surface with a smart phone. Free App detects contour of the board and applies keystone correction as well as image optimization on the pictures to save and share.

Here are a few more places where you can use CleanBoard

**Medical Facilities:**  
No marker residue, and no unpleasant smell. Suitable for both exam and patient rooms.

**Bars and Restaurants**  
It is hygienically clean. No marker residue to smudge even if you brush against the board in a tight place.

**Educational Facilities**  
No ink to run out and eraser to replace. You can concentrate on classes without interruption.

**Factories**  
Convenient in clean room environments and food processing facilities

**Apparels**  
No ink to smear. It is perfect for apparel designers.

**Office Space Solutions**  
Efficient and economical as it does not require inventory and markers/erasers stock replenishment.
