

# HD CLAMPING MULTI-PURPOSE VISE

- Vise combo with self-centering, extra-wide-opening vise head, standard base, and bench clamp base mount
- Ideal for holding larger and heavier objects
- Self-centering, extra-wide-opening vise head
- Vise head length: 11-1/2 in. (292.1mm), Vise head height (shaft to top of jaw pads): 5-1/4 in. (133.3mm)
- Double-action jaws open to 9 in. (228.6mm) and can hold heavy objects by centering weight over base
- Jaws open/close quickly and can be reversed to provide 0 in. closure
- Ribbed, neoprene jaw pads provide firm grip and are 1-7/8 in. (47.6mm) high x 1-1/2 in. (38.1mm) wide
- Ability to reverse jaw pads; wide V holds round or elliptical objects
- Black oxide coating reduces glare and promotes eye comfort
- PanaVise standard base is easily controlled by a single knob that allows head movement through 3 planes: 90° tilt, 360° turn, and 360° rotation
- Exclusive split ball locks head firmly in place
- Heavy-duty clamping base fits tables, workbenches, ladders, and anything up to 3-7/16 in. (87.3mm) thick
- Throat depth from center of clamping screw: 2-5/16 in. (58.7mm)
- 3 nonmarring, antiskid neoprene pads for additional antislip characteristics without excessive tightening of clamping screw
- Finger grip for added convenience

Tilt, Turn, and Rotate
