ESHV30

Dual AV Wall Shelf with Glass
for AV Components

Flat panel display home theatre systems often encounter issues when it comes to displaying audio visual components that will match the stylistic qualities of the mount. This dual AV Wall Shelf solves the problem by giving consumers the ability to center their audio visual components in a low-profile manner. The shelving unit provides a sleek and stylish opportunity for consumers to organize their DVD/Blu-ray® players, cable/satellite boxes and game consoles in a way that suits the style of their home. It incorporates cable management for a clean appearance.

LB (KG) Max load: 30lb (13.6kg) per shelf

FEATURES

- Strong, tempered glass shelves can be vertically adjusted to accommodate AV components of any height

- Cable management system helps keep cables concealed and organized

- Supports up to 30lb per shelf

- Bubble level makes for a quick and easy installation

ADJUSTABLE HEIGHT
Easily adjust the height of the component shelf after installation without the use of tools

BUBBLE LEVEL
For a quick and easy installation without the use of extra tools

CABLE MANAGEMENT
Keeps component cables concealed and organized

TEMPERED GLASS SHELVES
For up to 30lb of support* with a sleek, modern look

* per shelf
