## PLA Series Articulating Wall Arm

For 37" to 80" Displays

Offer the best view in the room with ability to swing, tilt or articulate the most popular sizes of displays. Self-lubricating bushings enable the arms to smoothly extend, while adjustable tilt and pivot position the display to the optimal viewing angle. The PLA50 offers versatility for the most popular sizes of display in a wide range of installations in lobbies, hotel rooms, boardrooms, public displays or home theaters.

### FEATURES

- Arm extends up to 30.52" (775mm) from wall
- Three adjustable pivot points with up to 180° swivel for versatile display positioning
- +10/-5° of tilt
- ±7° of roll for post installation display leveling
- Universal models adapt to displays with mounting hole patterns up to 730 x 433mm (28.75"W x 17.05"H)
- Includes mesh cord sheath and cable ties to neatly manage cables
- Five horizontal arm positions at 2.6" (66mm) centers for flexible lateral display placement

Display size: 37"-80"

Max load: 150lb (68kg)

Includes mesh cord sheath and cable ties to neatly manage cables
