Menu Board Mount Ceiling Attachment Accessory

FOR CONVERTING WALL MOUNTS TO CEILING

In keeping with our goal to ease the install and planning process for today's installer, Peerless-AV has developed the ACC-MBF Ceiling Menu Board Mount Accessory Bracket. This bracket is used in conjunction with the Peerless-AV's menu board wall mount models DS-MBX, DS-MBY and DS-MBZ. When unforeseen circumstances prevent mounting to the existing wall, the ACC-MBF quickly converts the wall mount to a ceiling mount, offering the flexibility needed to overcome any installation obstacles.

The ACC-MBF's flexible design provides easy conversion of a wall mount to a ceiling mount while in the field.

Additional Features

- ✓ Converts existing DS-MBX/Y/Z wall mounts into ceiling mounts*
- ✓ Can be used for 2x1 or 3x1 configurations (additional ACC-MBF needed for 3x1)
- ✓ Column and ceiling attachment sold separately

** For portrait applications, the display must be at least 23" wide when turned to portrait*

■ **CONVERSION KIT**
 Connects directly to DS-MBX, DS-MBY and DS-MXZ menu board wall mounts

■ **MULTIPLE CONFIGURATIONS**
 Can be combined with an additional ACC-MBF for 3x1 configurations

ACC-MBF Menu Board Mount Ceiling Attachment Accessory
