

DSF290

Truss Mount

For 12" truss with 2" outer diameter tubing

Presenting the ideal mount for rental and staging applications. The DSF290 Truss Mount from Peerless-AV® quickly attaches to a 12" truss while accommodating displays up to 90" and 175lb. The tool-less clamping device allows the installer to mount a display in landscape or portrait orientation in a matter of seconds with just a few turns of the clamp adjustment knob. The VESA® compliant adaptors can attach directly to the display or to a select group of Peerless-AV® flat, tilt, pivot and video wall mounts making the DSF290 as versatile as you need it to be.

FEATURES

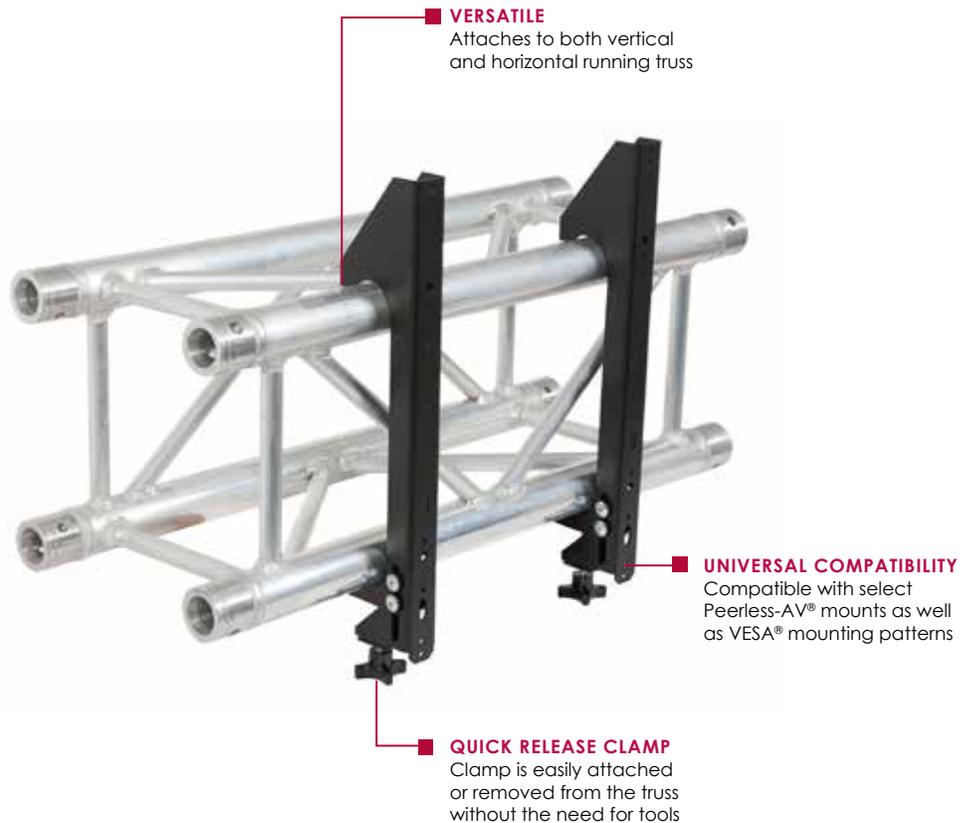

- Truss clamp can be quickly attached or removed from a truss without the use of tools
- Adjustable to various 12" truss manufacturers
- VESA® compliant mounting patterns for attaching directly to the display
- Can be attached to the truss running vertically or horizontally
- Compatible with a select group of Peerless-AV® flat, tilt, pivot and video wall mounts
- Ideal for rental and staging applications with repeated set up

Display size: 40"-90"

Max load: 175lb (79kg)
