UNIVERSAL ULTRA SLIM WALL MOUNTS

1. **INNOVATIVE TILT**
+15°/-5° One-Touch™ tilt allows for ideal viewing angles without the use of tools

2. **FULL EXTENSION**
Arm retracts to 1.34" (34mm) and extends up to 24.19" (615mm) from the wall

3. **POST INSTALLATION LEVELING**
±5° of roll offers a simple way to horizontally level the display

4. **180° OF VIEWING POSSIBILITIES**
Up to ±90° full side-to-side motion for flat panel displays up to 55"

5. **1-2-3 INSTALLATION**
Pre-assembled design for a quick and easy install

6. **OPEN ARCHITECTURE**
Open wall plate design increases cable management and power options

SUA751PU shown

Designed for use with ultra thin displays that are less than 2" (50.8mm) deep

UNIVERSAL FLAT, TILT & ARTICULATING WALL MOUNTS

SAX772PU shown

1. CLEAN AND CONCEALED INSTALLATION
Internal cable management system keeps cables concealed and organized

2. VIEWING FLEXIBILITY
Arm extends up to 26.54" (674mm) from the wall for SAX762PU and SAX772PU

3. CLEAN APPEARANCE
Open wall plate design for installation flexibility

4. POST-INSTALLATION LEVELING
±5° of roll

5. WALL PLATE KNOCKOUT
Increased cable and power management options with optional in-wall accessory for powering flat panel display and routing low-voltage cables through the wall

6. LANDSCAPE TO PORTRAIT ROLL
Rotate the flat panel 90° without removing the display

UNIVERSAL FLAT WALL MOUNTS

SF660P shown

1. OPEN ARCHITECTURE
Offers outstanding flexibility in mount placement by easily accommodating cables, cords, and electrical gang boxes

2. FINISHED END PANEL
Unique end panel design creates a clean appearance by hiding screws from view

3. SECUREMENT SCREWS
Assures the display is secured to the wall plate preventing the display from accidently being dislodged

**4. LOW-PROFILE DESIGN**
Keeps display close to the wall for a discreet installation

SA761PU shown

1. LOW-PROFILE
Reduced depth of 4.43" holds display closer to the wall than ever before

2. NEW WALL PLATE DESIGN
Minimalistic wall plate for increased wall access and improved aesthetic

3. CLEAN LOOKS
Integrated cable management provide ample area to run cables to complete a professional installation

4. PERFECT POSITIONING
1" of vertical adjustment for fine tuning of display positioning

5. FULL RANGE OF MOTION
Multi-link construction allows for a full 180° of articulation

SP730P(-S) / SA730P(-S) — PIVOT/ARTICULATING WALL ARM — COLOR: Gloss black or gloss silver
- Single stud mounting for a low-profile and fast installation
- Integrated cable management system makes running cables simple while keeping the cables protected
- Display centers on wall plate for easy mount placement with SA730P(-S)
- Mounts to wood studs, concrete, cinder block or metal studs (metal stud accessory required)*

SP735P(-S) / SA735P(-S) — PIVOT/ARTICULATING WALL ARM — COLOR: Gloss black or gloss silver
- Single stud mounting for a low-profile and fast installation
- Integrated cable management system makes running cables simple while keeping the cables protected
- Display centers on wall plate for easy mount placement with SA735P(-S)
- Mounts to wood studs, concrete, cinder block or metal studs (metal stud accessory required)*

SP740P(-S) / SA740P(-S) — PIVOT/ARTICULATING WALL ARM — COLOR: Gloss black or gloss silver
- Single stud mounting for a low-profile and fast installation
- Integrated cable management system makes running cables simple while keeping the cables protected
- Display centers on wall plate for easy mount placement with SA740P(-S)
- Mounts to wood studs, concrete, cinder block or metal studs (metal stud accessory required)*

SP850-UNLP(S)(GB)(GS) — PULL-OUT SWIVEL WALL MOUNT — COLOR: Black, silver, high gloss black or high gloss silver
- Integrated cable management for a clean look
- Locking tab provides optional swivel restriction to one side
- Lock Key™ installation tool secures arms for easy display installation
- Lock-out feature prevents unwanted extension
- Includes hardware for installation to wood stud, concrete or cinder block

SP746PU / SA746PU — PIVOT/ARTICULATING WALL ARM — COLOR: Gloss black
- Single stud mounting for a low-profile and fast installation
- Integrated cable management system makes running cables simple while keeping the cables protected
- Display centers on wall plate for easy mount placement with SA746PU
- Mounts to wood studs, concrete, cinder block or metal studs (metal stud accessory required)*

SA752P(U) — ARTICULATING WALL ARM — COLOR: Gloss black
- Multi-link construction allows for a full 180° range of motion
- Integrated cable management contains, protects and conceals cables for a clean clutter-free look
- Display can be rotated from portrait to landscape without removing the display
- 1" (25.4mm) vertical adjustment for display position fine tuning
- Mounts to wood studs, concrete or cinder block

SA761P(U) — ARTICULATING WALL ARM — COLOR: Gloss black
- Multi-link construction allows for a full 180° range of motion
- Minimalistic wall plate footprint for increased wall access and improved aesthetics
- Integrated cable management contains, protects and conceals cables for a clean clutter-free look
- Display can be rotated from portrait to landscape without removing the display
- 1" (25.4mm) vertical adjustment for display position fine tuning
- Mounts to wood studs, concrete or cinder block

SA763PU / SA771P(U) — ARTICULATING WALL ARM — COLOR: Gloss black
- Multi-link construction allows for a full 180° range of motion
- Minimalistic wall plate footprint for increased wall access and improved aesthetics
- Integrated cable management contains, protects and conceals cables for a clean clutter-free look
- Display can be rotated from portrait to landscape without removing the display
- 1" (25.4mm) vertical adjustment for display position fine tuning
- Mounts to wood studs, concrete or cinder block

1. DISCREET DESIGN
In retracted position, .08" (2 mm) from the wall, the mount's profile becomes virtually invisible

2. SIMPLIFIED INSTALLATION
Stud locating tabs self-adjust to create a snug fit for variation in stud spacing

3. EASE OF CONNECTIVITY
Multiple removable gang box and cable management access plates make it easy to run signal and power to the mounted display

4. IDEAL DISPLAY POSITIONING
Three height adjustment points in box making it easy to position display at the desired height

IM740P shown

1. EASY DISPLAY CENTERING
8" (203mm) of horizontal adjustment for ideal display position

2. SIMPLE SET-UP
Hook-and-hang design helps attach enclosure to mount and hold the weight load while fine-tuning adjustments

3. EASY ACCESS
Open wall plate design provides easy access and pass through of cables to internal and external power and content sources

4. VIEWING ANGLE FLEXIBILITY
Incremental tilt settings enable the best viewing angle

FLOOR & TABLETOP STANDS

SS550P shown

1. NO WALL, NO PROBLEM!
Complementing the décor of any environment, this stand is the ideal addition when mounting to a wall is not an option

2. SIMPLE ADJUSTMENT
Continuous vertical adjustment makes it easy to position the display and AV shelving to its ideal height

3. SPACE-SAVING CORNER PLACEMENT
Triangle base allows for snug corner placement

4. DURABLE COMPONENT SHELVING
Supports the heaviest of AV components, up to 50lb (22kg) per shelf

FPZ-646 | FPZ-655

FLOOR STAND
COLOR: Black

- 8" of display height adjustment in 2" increments
- Set the perfect viewing angle with 360° swivel
- Built-in cable management provides a clean look in any application
- 8mm tempered glass shelf with height adjustability along the height of the stand
- Lightweight and easy to assemble

PLT-BLK

TABLETOP STAND
COLOR: Black

- Base can rest in a fixed position or swivel 360°
- Adjustable 10° forward and 5° backward tilt at the turn of a knob
- Internal cord management to keep cables out of the way
- Felt bottom protects tabletop surfaces

SS550P(-S) | SGLB01/SGLS01

FLOOR STAND
COLOR: Gloss black or silver

- Provides tilt and vertical adjustment features to achieve the ideal viewing angle
- Incremental tilt of -2°, 0° and +5° to achieve the ideal display viewing angle
- Vertical display adjustment feature for optimal viewing height
- Internal cable management neatly hides all cords and cables for a clean, clutter-free look
- Adjustable glass shelving for AV components and accessories hold up to 50lb

HD FLOW™ WIRELESS MULTIMEDIA SOLUTIONS

AVL shown — (living room illustration)
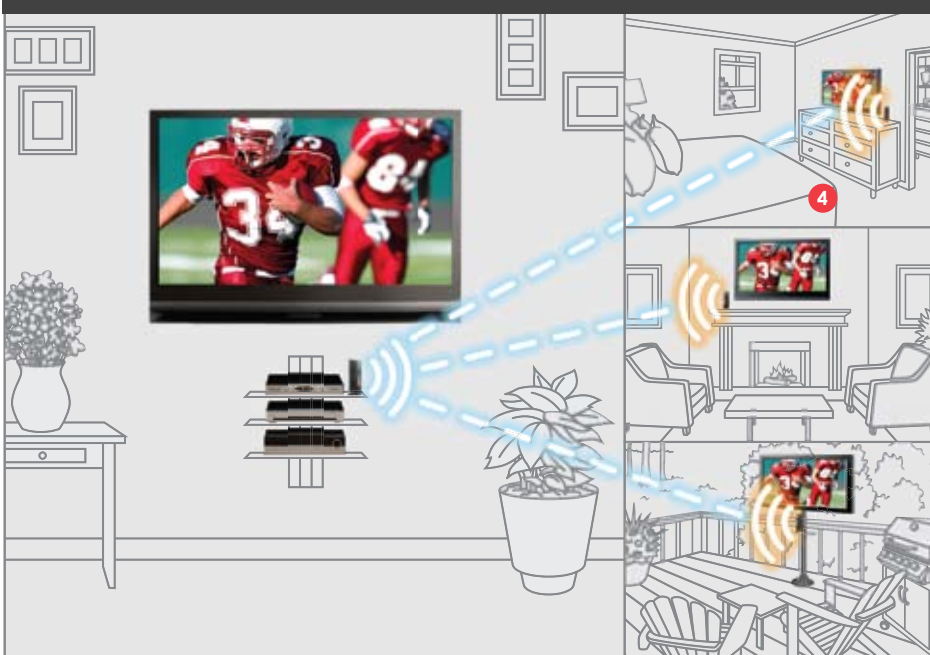

1. READY TO ENTERTAIN
Confirms that the 802.11n private network has been set up and is ready for wireless signal transfer up to 131ft

2. PLUG-AND-PLAY
Plug-in up to 4 AV components and easily switch between them with the included remote

3. TOTAL CONTROL
Built-in IR controls source devices without need for line-of-sight device placement

4. DISCREET APPEARANCE
Small and sleek footprint makes it easy to fit HD Flow receiver(s) into any environment

HDS100-2 shown

HDS100(-2)(-3)(-4)

HD FLOW™ WIRELESS MULTIMEDIA KIT
COLOR: Gloss Black

- Full HD 1080p* (60Hz) (24/30/60 fps) signal flow ideal for ultra-fast signal transfer
- Long range, high- quality streaming up to 131ft with no reduction of picture quality
- Broadcast up to 4 wireless HD Receivers**
- Instant real-time transmission of HD media with no latency
- Transmits through walls and ceilings for multi-room capability
- HD Flow's (802.11n) private network resists interference and network sharing from nearby wireless routers
- Built-in IR does not require line-of-sight placement to control source devices such as DVR/set-top box, satellite box, Blu-ray/DVD player, media server, VHS, game console
- Plug-and-play setup requires no software or driver installation

* 720p Resolution when transmitting to more than one TV
** HDS100-2: HD Flow Multimedia Kit for viewing of two TVs
HDS100-3: HD Flow Multimedia Kit for viewing of three TVs
HDS100-4: HD Flow Multimedia Kit for viewing of four TVs

HDS-S

WALL SHELF FOR USE WITH HD FLOW™ WIRELESS MULTIMEDIA KIT
COLOR: Gloss Black

- Slim design makes it easy to integrate an HD Flow Wireless Multimedia receiver near a TV in any application
- Provides main path for air flow, keeping the HD Flow unit at the optimal operating temperature
- Cable management cut-out routes cables keeping them neatly organized and virtually out of sight
- Ventilation Maximizing Risers provide ample space for air circulation around the unit
- Front slip guard keeps HD Flow unit from being accidentally bumped off the shelf
- Mounts to 1/2" or thicker drywall with included wall anchors for virtually limitless placement options
- Hardware included for quick and easy installation

AV ACCESSORIES

PS200

ADJUSTABLE SHELF
COLOR: Black

- Double-stud installation allows AV equipment to be centered directly underneath flat panel display
- Adjustable width up to 18" (457mm) and depth range of 15" to 23" (381-584mm) accommodate even the components
- Snap-on covers conceal all mounting hardware
- Adjustment knobs allow for easy leveling of components
- Embossed arms with screw holes secure components to shelf

ESHV10

SINGLE AV WALL SHELF
COLOR: Black

- Durable aluminum shelf can be adjusted to accommodate AV components of any height
- Cable management system helps keep cables concealed and organized
- Supports 30lb
- Bubble level helps make installation quick and easy

ESHV20

SINGLE AV WALL SHELF WITH GLASS
COLOR: Black

- Strong, tempered glass shelf can be vertically adjusted to accommodate AV components of any height
- Cable management system helps keep cables concealed and organized
- Supports 30lb
- Bubble level helps make installation quick and easy

ESHV30

DUAL AV WALL SHELF WITH GLASS
COLOR: Black

- Strong, tempered glass shelves can be vertically adjusted to accommodate AV components of any height
- Cable management system helps keep cables concealed and organized
- Supports 30lb per shelf
- Bubble level helps make installation quick and easy

IBA2(-W) | IBA3(-W)

RECESSED CABLE MANAGEMENT & POWER STORAGE ACCESSORY BOX
COLOR: Black or white

- Low-profile design fits behind the thinnest mounts and flat panel displays
- Routes low-voltage component cables inside the wall
- Sleek design makes outside cable covers unnecessary
- Heavy gage rolled steel construction
- Cable ties and grommet included for an organized finish
- Installs between 16" stud centers

IIBA2AC(-W) | IBA3AC(-W)

RECESSED CABLE MANAGEMENT & POWER STORAGE ACCESSORY BOX WITH SURGE PROTECTED DUPLEX RECEPTACLE
COLOR: Black or white

- 15 Amp/125 Volt duplex receptacle power source with surge protection with NEMA 5-15R
- Low-profile design fits behind the thinnest mounts and flat panel displays
- Routes low-voltage component cables inside the wall
- Sleek design makes outside cable covers unnecessary
- Heavy gage rolled steel construction
- Cable ties and grommet included
- Installs between 16" stud centers

IBA4-W

EASY MOUNT RECESSED LOW VOLTAGE CABLE PLATE
COLOR: White

- Low-profile design fits behind the thinnest mounts and flat panel displays
- Routes low voltage component cables inside the wall
- Makes outside cable covers unnecessary
- Wing design eliminates the need for low voltage mounting brackets
- Installation template included

IBA5-W

RECESSED LOW VOLTAGE MEDIA PLATE WITH DUPLEX SURGE SUPPRESSOR
COLOR: White

- 15 Amp/125 Volt duplex receptacle power source with surge suppressor protection
- Low-profile design fits behind the thinnest mounts and flat panel displays
- Routes low voltage component cables inside the wall
- Makes outside cable covers unnecessary
- Wing design eliminates the need for low voltage mounting brackets
- Installation template included

DEB-CV05/10/15/20

HIGH PERFORMANCE COMPONENT AUDIO VIDEO CABLE

- Exacting cable geometry delivers outstanding sound quality and clarity
- HD 1080i/720p compatible
- 24K gold-plated contacts for superior signal transfer
- Color coded connector ends identify red, green or blue signal conductor
- PCOFC oxygen free conductors minimize signal loss and distortion
- Braided PCOFC outer shielding and Aluminum foil inner shielding for protection against external electrical (EMI) and radio (RFI) interference
- PVC outer jacket for enhanced durability
- Foamed PE dielectric further enhances performance

DEW-HD05 | DEB-HD10/15/20

HIGH SPEED HDMI® CABLE WITH ETHERNET

- 3DTV compatible (stereo 1080p image resolution)
- Ethernet channel for connecting Internet-enabled AV devices minimizing cabling
- Audio return channel eliminates need for additional audio cable between TV with integrated receiver and amplifier
- Supports 4k x 2k image resolutions (2160p) and FULL HD (1080p) compatible
- Increased color profile support for digital cameras
- Exacting cable geometry delivers high speed data transfer rates
- 24K gold-plated contacts for superior signal transfer
- PCOFC oxygen free conductors minimize signal loss and distortion
- Braided PCOFC outer shielding and Aluminum foil inner shielding for protection against external electrical (EMI) and radio (RFI) interference

DEW-RR05 | DEB-RR10/15/20

HIGH PERFORMANCE STEREO AUDIO CABLE

- Exacting cable geometry delivers outstanding sound quality and clarity
- 24K gold-plated contacts for superior signal transfer
- Color coded connector housings show signal polarity
- PCOFC oxygen free conductors minimize signal loss and distortion
- Braided PCOFC outer shielding and Aluminum foil inner shielding for protection against external electrical (EMI) and radio (RFI) interference
- PVC outer jacket for enhanced durability
- Foamed PE dielectric prevents distortion of high frequency audio signals

DEW-JR05

HIGH PERFORMANCE PORTABLE STEREO AUDIO CABLE

- Exacting cable geometry delivers outstanding sound quality and clarity
- 24K gold-plated contacts for superior signal transfer
- Color coded connector ends show correct signal polarity
- PCOFC oxygen free conductors minimize signal loss and distortion
- Braided PCOFC outer shielding and Aluminum foil inner shielding for protection against external electrical (EMI) and radio (RFI) interference
- PVC outer jacket for enhanced durability
- Foamed PE dielectric prevents distortion of high frequency audio signals
- Ideal for use with iPod®, iPhone®, MP3 players and other portable audio devices

DEW-JJ05

HIGH PERFORMANCE PORTABLE STEREO AUDIO CABLE

- Exacting cable geometry delivers outstanding sound quality and clarity
- 24K gold-plated contacts for superior signal transfer
- PCOFC oxygen free conductors minimize signal loss and distortion
- Braided PCOFC outer shielding and Aluminum foil inner shielding for protection against external electrical (EMI) and radio (RFI) interference
- PVC outer jacket for enhanced durability
- Foamed PE dielectric prevents distortion of high frequency audio signals
- Ideal for use with iPod®, iPhone®, MP3 players and other portable audio devices

SLW-HDRU05 | SLW-HDRZ05

HIGH SPEED HDMI® CABLES WITH ETHERNET FOR REAR MOUNTED CONNECTIONS

- Right-angled HDMI® connector projects only 14mm from rear of TV screen's HDMI socket (plug inserted)
- Ultra slim flat cable 3mm
- Right angled (90°) HDMI connection fits the vast majority of flat panel screens with a horizontal HDMI socket (SLW-HDRU05)
- Right angled (270°) HDMI connection fits the vast majority of flat panel screens with side mounted HDMI sockets (SLW-HDRZ05)
- 100Mbps Ethernet Channel for connecting Internet-enabled AV devices minimizing cabling
- Audio Return Channel eliminates need for additional audio cable between TV with integrated receiver and Amplifier
- Supports 4k x 2k image resolutions (2160p) @ 24Hz and FULL HD (1080p) compatible

PVP4000-PL10

TEN OUTLET SURGE PROTECTOR

- IR Signal Indicator – Any IR remote will turn on all 7 switched outlets
- Display – Shows total current of switched outlets in real-time
- Protection Indicator Lights – Green and red LED indicator lights confirm components are protected
- DSS/Coax Connectors – Gold-plated connectors provide surge protection for cable, DSS, and cable modems
- Un-Switched Outlets – 3 continuously powered outlets
- Switched Power Save Outlets – Outlets automatically turn off when maximum power consumption is below 30%

PVP3000-PL8

EIGHT OUTLET SURGE PROTECTOR

- Protection Indicator Lights – Green and red LED indicator lights confirm components are protected
- Master Outlet – Continuously powered and controls both power save outlets
- Energy Saver Outlets – Power based on master outlet status
- Network/Phone (RJ45/RJ11) Combo Jacks – Network or phone line surge protection
- DSS/Coax Connectors – Gold-plated connectors provide surge protection for cable, DSS and cable modems
- EMI/RFI Noise Filter – Noise filtering for enhanced component performance

PVP2000-PL4

FOUR OUTLET SURGE PROTECTOR

- Protection Indicator Lights – Green and red LED indicator lights confirm components are protected
- Master Outlet – Continuously powered and controls both power and saver outlets
- Energy Saver Outlets – Powered based on master outlet status
- Outlet Expansion – Expands outlet to support up to 4 plugs
- Network/Phone (RJ45/RJ11) Combo Jacks – Network or phone line surge protection

PVP1000-PL6

SWIVELING OUTLET SURGE PROTECTOR

- Swiveling Outlets – Each side turns up to 90-degrees for low-profile, convenient access
- Protection Indicator Lights – Green and red LED indicator lights confirm components are protected
- Outlet Expansion – Expands outlet to support up to 6 plugs
- EMI/RFI Noise Filter – Noise filtering for enhanced component performance

PSP2(-W)/PSP5(-W)

SPEAKER MOUNT
COLOR: Black or white

- Mounts to wall or ceiling
- Universal design fits most brands
- Easy tilt, pivot and rotation adjustment
- Ceiling extensions included
- 1-, 2-, and 4-hole mounting adapters
- Includes installation and speaker attachment hardware
- Available in 2-pack (PSP2) or 5-pack (PSP5)

SPK811(W)

SPEAKER MOUNT
COLOR: Black or white

- Ball and socket design for multi-directional positioning
- 120° range of adjustment in all directions
- Speaker wires can be hidden for an aesthetically appealing installation
- Concealed mounting screws
- Can be assembled as a flush mount or used with a 3" (76mm) extension
- Hardware for wood studs, metal studs, concrete and drywall
- Fastener pack contains hardware for mounting most commercially available speakers

PCC(-B)(-S)

CABLE MANAGEMENT CHANNEL
COLOR: White, black or silver

- Keeps cables and cords out of sight for clean, professional appearance
- Paintable surface to match any décor
- 4.5' (1376mm) long with ability to customize to desired length
- Measures 1" (25mm) from wall for low-profile installation
- 90° corner connector to route cables in any direction
- Wall-attachment clips designed with built-in channels to keep cables in place

CL-SCG200

SCREEN CLEANING GEL FOR FLAT-PANEL TVs, COMPUTER MONITORS, SMARTPHONES AND MORE

- Alcohol-free ammonia-free formula cleans without damaging the screen's protective coating
- Gel cleaning formula and MicroFiber™ Cleaning Cloth safely and gently polish and remove debris from the screen
- Liquid gel formula will not run into delicate electronics
- Reusable soft MicroFiber™ Cloth for long lasting screen cleaning
- 200ml bottle with 7-5/8" x 7-5/8" cloth included
