Recessed Cable Management and Power Storage Accessory Box with Surge Protected Duplex Receptacle

Creating magnificent installations just got a lot easier with the Recessed Cable and Storage Management Box from Peerless. This innovative accessory creates more room behind the screen, making it easier than ever to manage cables and cords routed through the walls. When combined with a Peerless mount, the In-wall accessory box creates a seamless installation that never looks cluttered. Easily route low voltage cables behind flat panel displays, amplifiers or any audio video device. Comes complete with a receptacle knock out for adding included duplex power module.

 Max load: 25lb (11.33kg)

FEATURES

- 15 Amp/125 Volt duplex receptacle power source with surge protection with NEMA 5-15R
- Low-profile design fits behind the thinnest mounts and flat panel displays
- Component cables routed inside the wall
- Sleek design makes outside cable covers unnecessary
- Heavy gage cold rolled steel construction
- Cable ties and grommet included for an organized finish
- Installs between 16" (406mm) wood stud centers when positioned vertically
- Position horizontally or vertically to create the best look

Clean and Easy Cable Management
