DESCRIPTION

The AM100 is a slim mounting wall plate that provides three options for the swing arm placement, allowing the mount to swing out from the left, right or center, based on the installation requirements. The swing-out arm extends 30 in. from the wall and provides 15° of downward tilt to achieve the desired viewing angle from virtually anywhere in a room. The lightweight aluminum mount retracts smoothly and easily to a very thin 1.5 in. from the wall. To keep power and cables protected when pulling or pushing the display, cable management channels are built into the arm.

FEATURES

- Low profile, ultra thin swing-out flat-panel mount
- Collapses to just 1.5 in. deep
- 15 degrees of tilt
- Extends 30 in. from wall
- Universal mounting pattern up to 630 x 526 mm
- Designed for today's slimline flat-panels
