

# Projection Plus<sup>®</sup> Board

with Deluxe Aluminum Trim

MOORECO<sup>™</sup>

## Projection Plus® Board - Deluxe Aluminum Trim

- The versatile Projection Plus® Board is the ideal choice for a multipurpose audio/visual environment. Matte gray magnetic porcelain steel surface cuts glare by 60% over standard porcelain steel boards.
- Gray projection surface intended for everyday presentation and media viewing purposes. Surface requires cleaning with a damp cloth for optimum performance. Some ghosting may occur. Please see any of our boards with a white finish for a board to be used primarily as a writing surface.
- Anodized aluminum trim has a .88" profile with hairline mitered corners. Features a full-length tackable map rail and a full-length accessory tray with rubber Dura-Safe® end caps to eliminate sharp corners.
- Made in the USA. Fifty year limited warranty.
- Projection Plus® not intended for use with interactive projectors. For interactive projectors with strict flatness requirements, we recommend the Interactive Projector Board, providing guaranteed results for projectability, erasability, and durability.

### Projection Plus® Technical Information

- A precisely balanced porcelain enamel ground coat is furnace-fused to both sides of 28 gauge (standard) or 24 gauge (custom) steel.
- The first furnace fuses a ground coat of enamel that is heat-softened at approximately 1450° F. The second furnace firing fuses a coat of enamel to the ground coat enamel.
- Color Fusion ceramic top coat is applied providing the desired surface color. A fade resistant waterproof resin glue bonds the porcelain to an MDF core and foil backer.
- Galvanized steel backer available at an upcharge.
- Custom sizes are available.

Part No.	Product Dimensions	Ship Wt.
<b>Projection Plus Board - Deluxe Aluminum Trim</b>		
204AC**	3'H x 4'W	36 lbs
204AD	4'H x 4'W	69 lbs
