

New and improved multi-voltage FumeCube Max with almost 20% better airflow!

Multi-voltage FumeCube Max

Purex has upgraded one of their bestselling products and made it even better! FumeCube is now multi-voltage and can adapt to any voltage requirement. Perfect for bench soldering, and light laser marking applications.

Recirculating fume extraction is now extremely important with the rising concern for our environment and employee safety. Purex Fume Extractors provide not only a flexible and portable process for plant redesigns and expansions, but also a more stable process by providing a controlled airflow to remove harmful fumes. All this while eliminating the added costs of building modifications, increased air handling systems and lost energy.

Purex Systems

- ❖ Automatic Flow Control maintains constant extraction rate
- ❖ Adjustable Air Flow extends filter life
- ❖ Blocked Filter Warning
- ❖ Easy to change filters
- ❖ Quiet operation
- ❖ Low Energy consumption
- ❖ HEPA filtration removes 99.997% of particles down to .3 microns
- ❖ Remote Machine Interface
- ❖ Welded stainless steel construction
- ❖ Continuous run brushless motors
- ❖ Multi-voltage, use anywhere in the world
