

INDUSTRY CARE

ELECTROSTATIC CONTROL PRODUCTS

I.C.[®] Tip Tinner

*All-In-One Cleansing
Lead-free Tip Tinner*

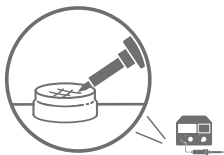

ROSIN-FREE

LEAD-FREE

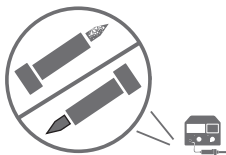

HEAVY METAL-FREE

Simple Cleaning

Polish soldering tip with little to no effort and remove thermal dewetting layer

De-Rust & Renew

Purify contamination or damage caused by oxidation and treat damaged alloy in soldering tip

Re-Tin & Fortify

Premium tin envelops soldering tip to fully restore core to surface heat transfer and surface wettability

Precise Restoration

I.C. Tip Tinner efficiently cleanses flux, metal, or rust impurities on your soldering tip. Easy to use and lead-free, this formula utilizes a confidential surfactant to remove thermal dewetting or oxidation. Leaving the tip coated with premium tin to fully restore it's functional use.

Industry Standards

- Lead-Free
- Heavy Metal-Free
- Trace Metal-Tested
- RoHS Compliant
- REACH SvHC Complaint
- Halogen-Free
- Minimal fume
- Residue-Free
- Rosin-Free
- Conflict-Free Material

What Makes Us Different

Since our beginning, we've been committed to formulating products that meet or exceed the standards set forth by cleanroom and sterile environments. From lotion to antistatic spray, we've protected cleanrooms for over 40 years and will continue to develop products that have maintained and improved cleanrooms into what they are today.
