JAR SYSTEMS LLC
mobile solutions for education and training

Works not just with Chromebooks—but we know you like them!

Intelligent Charging System
Unique intelligent power management/charging unit with surge protection, inrush current limiter and power sensors. Quickly charges all Chromebooks/notebooks in the fastest most efficient way possible from one standard power outlet (15A).

Sliding Doors
Small footprint, safe and efficient use of available classroom space.

Pull-Out Trays and Wire Management
Service doors in the back for easy wire management and setup, because they're right where the kids need them mean less damage to Chromeboooks and cables. Individual pull-out trays with more management clips.

Ease of Use
Designed by teachers and IT professionals with students and teachers in mind.
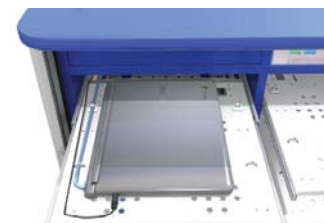

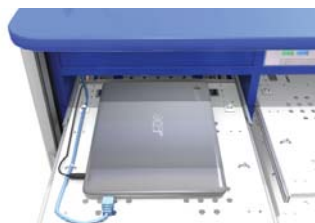

Versatility/Investment Protection
3 year warranty and designed to work with most devices for years to come.
