NEW! SMAN300 Series

Test Tools HVACR Pros Trust

Bull's-Eye!

More Features. More Answers.

The newly designed SMAN320, 340, and 360 Digital Manifolds hit the mark with their rugged design. Based on years of technician feedback, they are not only tough, they also show everything you need all at once: 2 pressures, and 7 temperatures.

View your calculated target superheat while monitoring how your charge is affecting actual and superheat and subcooling.

- Measures:
 - 2 Pressures
 - 2 Temperatures
 - Vacuum in Microns (SMAN 360)
- Calculates:
 - Superheat
 - Subcooling
 - Target Superheat
 - Vapor Saturation
 - Liquid Saturation
- Expanded Temperature Tolerance to go from Freezers to Rooftops
- Large Screen with All Measurements in Clear Sight
- 45 Built in Refrigerants
- Easy Future Refrigerant Updates via Mini USB Cable (cable not included)

Like all Fieldpiece products, the SMAN300 Series is backed by world-class customer service and technical support.

All Measurements on One Screen
