

SUBC2-WH

Submersible case with dome top - White

The Submersible Case is a rugged waterproof enclosure constructed of white polypropylene and featuring a stainless-steel reinforced bail for reliable case attachment. This case will accommodate one HOBO U12, U10 or H8 (not HOBO Pro or Outdoor/Industrial) family temperature data logger or a square-box-style HOBO or StowAway temperature data logger held securely in place with a foam disk. The dome-top submersible case is available in white to minimize solar radiation absorption
