

SMART Board® 7000 series

Our most advanced SMART Board, the 7000 series includes exclusive iQ technology bringing devices, lesson content and software together for a cohesive educational experience. It includes only the most advanced features to help teachers and students collaborate with ease.

Designed for whole class, small group and individual learning, this is the pinnacle of the SMART Board experience.

 SMART Learning Suite software included.

Available in two sizes
75" | 86"

SMART®

An all-in-one technology exclusive to SMART Boards

The SMART Board's built-in iQ technology puts everything you need in one place, available at the touch of a finger. There's no need for wires and cables. The embedded computer offers one-touch access to SMART Learning Suite applications like SMART Notebook® lessons, SMART lab™ activities and SMART amp™ workspaces. There's also access to collaboration tools, like a digital whiteboard, built-in web browser and wireless screen sharing (iOS, Android and Microsoft devices).

Other key features

- **4K** Ultra HD video resolution with HDMI 2.0
- **Object awareness™** technology recognizes when you're using a finger (touch/drag), pen (write) or fist (erase)
- **SMART ink™** makes notes easy to read, and allows writing to be converted to text and inserted into applications like Microsoft Office®
- **SilkTouch™** ensures a smooth, comfortable touch experience
- **Integration with tablets and phones**, including Chromebooks using SMART software
-  **ENERGY STAR®** certification saves on energy costs
