DSK-2D

2-Port DVI USB KVM Switch with Audio

Control two computers' USB Keyboard-Mouse functions with DVI 1080p Full HD video connectors and stereo audio support.

FEATURES

- Low cost KVM solution.
- Includes all necessary cables.
- Supports USB keyboard-mouse control on up to two connected computer systems.
- Supports DVI displays.
- Supports stereo audio and PC microphones.
- Easy switching via push button.
- Up to 1080p Full HD (1920x1080 @ 60Hz)
- Plug-and-play, compact design for simple use & integration.

APPLICATIONS

- Offices
- Homes
- Small Businesses
- Control Rooms
- Production Studios
- Banks
- Industrial Sites
- Hospitals
- Schools & Universities
- ... and more!

MADE IN THE USA

HD ready 1080p

**Smart-AVI**
SMART AUDIO VIDEO INNOVATION

OVERVIEW

Perfect for small office and home settings, the DSK-2D is an ultra-small 2-port DVI KVM switch with stereo audio support and easy push-button switching. Using a USB keyboard and mouse combo with a DVI monitor, users can access & control two connected computer systems from a single KVM workstation with ease.

The DSK-2D's DVI video connectivity offers Full 1080p HD (1920x1080) at a blazing 60Hz, for extreme clarity and frame-rate syncing. Better still, the DSK-2D also features full stereo audio support for both speakers and microphones, letting users listen and communicate with others from the convenience of their KVM workspace.

The DSK-2D is plug-and-play ready, lightweight, and simple to integrate into nearly any work setting. KVM has never been so simple or effective, thanks to the DSK-2D solution Powered by SmartAVI.

KVM MANAGEMENT MADE EASY

The DSK-2D makes it easy to control two computers' USB KM functions and access DVI video sources with the press of a single button.

FULL HD VIDEO AND STEREO AUDIO SUPPORT

The DSK-2D supports HD resolutions up to 1080p (1920x1080 @ 60Hz), and audio sources including PCs & microphones.
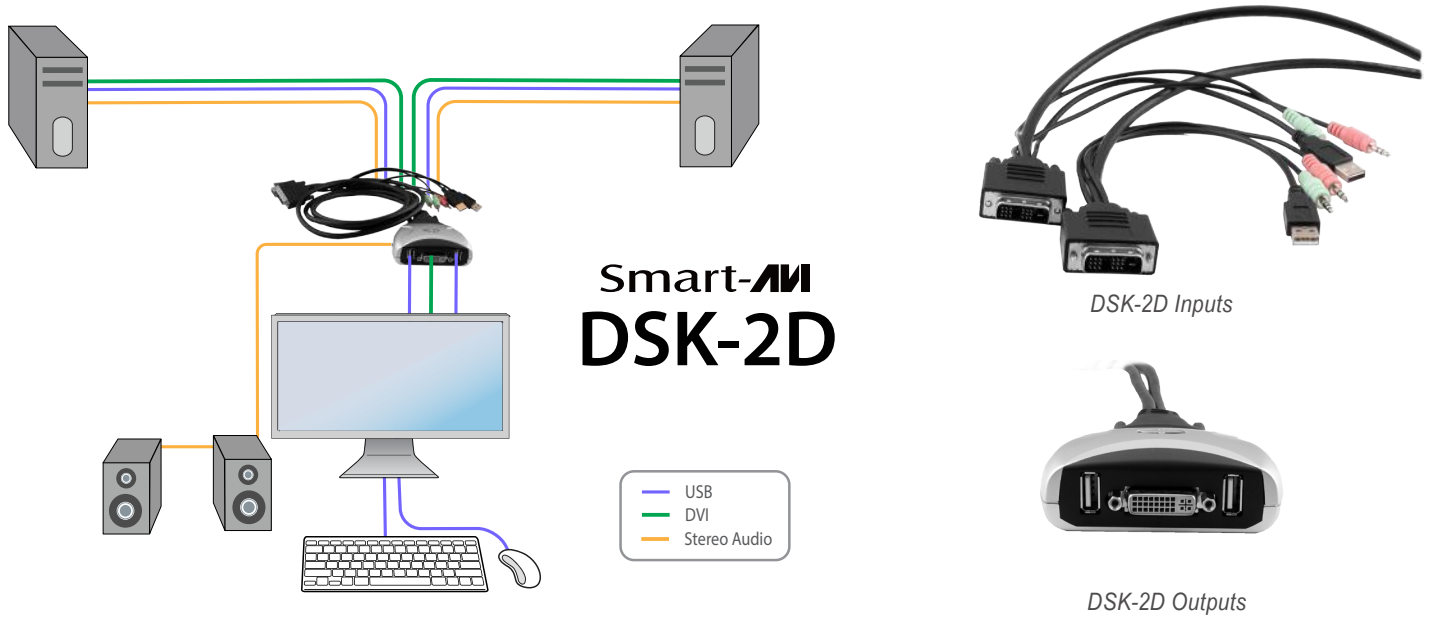

FULL USB KEYBOARD AND MOUSE EMULATION

The DSK-2D features responsive and reliable USB keyboard-mouse functionality, making for a seamless user experience when controlling connected computers.

COMPACT SOLUTION

The DSK-2D is lightweight and easy to carry around on-the-go. Users can hook the KVM device up to any system and start using it immediately, thanks to SmartAVI's signature plug-and-play accessibility. The DSK-2D is quite simply our easiest KVM solution!
