SaviSign *P100*

POWERED BY Smart-**AVI**

WI-FI ENABLED SIGNAGE PLAYER
WITH CREATIVE SOFTWARE MANAGER

Create, distribute, and manage your signage
from anywhere in the world over the Internet!

SaviSign is...

Instantly Eye-Catching
Stun your audiences with your branded content.

Bursting Vivid Detail
Enjoy highly detailed 4K resolution with vibrant colors!

Uniquely You
Made to fit to your needs with preloaded templates and fully customizable layouts.

Fully Automated
Define the schedules for distribution and activation that best fit your needs.

Monetizable
Reel in new opportunities for profit with valuable advertising space in your digital signage!

Flexible
Change and update your signage at any time from SaviSign Manager software.

Intuitive
The P100 features Plug-and-Play design for easy use immediately out of the box!
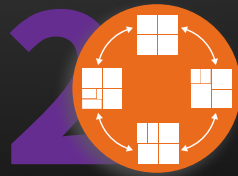

Highly Accessible
Connect the P100 to your signage via built-in WI-FI!

Easy To Use: Just 1 - 2 - 3 - 4

1 Choose Your Content
Remember, you can get started right away because SaviSign P100 supports your pre-existing content.

2 Customize Your Layout
Create an array exciting templates using our integrated software to best fit your personal signage needs. The software guides you through the process, so you'll be up and running in minutes.

3 Schedule The Experience
Have your content show up exactly when and how you want. With our software, you can coordinate every bit of content to a time of day, a day of the week, or any other time frame you desire.

4 Cut Down Your Costs and Enjoy
One box means less hassle. Save power, cut down installation costs, and minimize network traffic while displaying a variety of media.
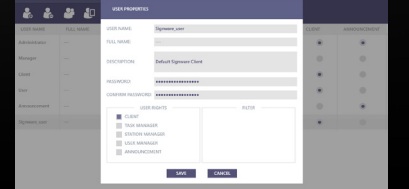

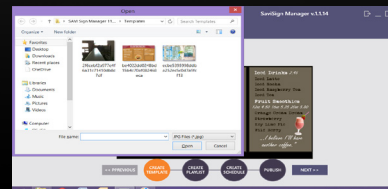

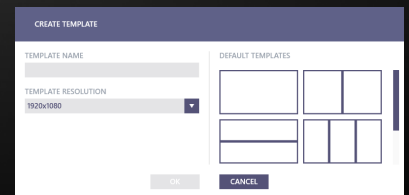

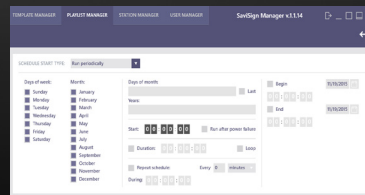

ACCESS & CONTROL VIA WI-FI!

Distribute your creative signage content to any P100 player from anywhere in the world via WI-FI. Each P100 unit features wireless Internet access, allowing users to manage their signage directly from the player for the ultimate in convenience and flexibility!

Use SaviSign Manager to create, distribute, and control signage on the SaviSign P100!

Choose from a wide selection of pre-made signage templates or create your own layout, then schedule it to play on your SaviSign P100 over the Internet!

SaviSign Manager software makes it easy to control every facet of your signage from the convenience of your PC.

SaviSign P100 gives you complete freedom over how you want to arrange your screens. There's no limit to the types of configurations you can create. Display your brand or service in an innovative way that will capture your audience's attention.

EYE-CATCHING FULL HD RESOLUTIONS

SaviSign P100 is guarenteed to make an impact with stunning resolutions up to 4K (3840x2160)!

Stand Out and Catch Everyone's Attention

SaviSign Manager

# Design Your Unique Signage With Our *SaviSign Software*

Create a Template

- Choose from a variety of configurations and layouts ideal for your personal signage needs.
- Customize the size and placement of zones.
- Create a playlist for the content and media files that you would like to show in each zone.
- Zones can play most types of media, including video, images, RSS feeds, and more.

Create a Schedule

- Schedule the delivery of your content so that your screens display the right thing at the right time.
- SaviSign Manager guides you through the scheduling process to make it easier than ever to create the schedule you need.
- Choose which days, months, and times to play content and when to repeat the schedule.
- Schedule your content a whole year in advance, so you don't have to do anything else!
- When you're done, publish your scheduled content to your entire network all at once.
