## Touch tables for any application : school, work, fun

SmartMedia multi-touch Table is an innovative multi-touch interactive surface with a choice of FULL HD monitors built-in, ranging from 22" to 70".

Designed to make learning more engaging and exciting for children, these tables provide interaction with educational content, multimedia resources, games and much more.

Users can interact with the surface using either their fingers or a stylus, placing you in full control of versatile computer applications. The multi-touch Table includes an easy and intuitive bundled software package that allows you to write, insert images, add backgrounds, make notes and record your sessions.

### APPLICATIONS

SmartMedia's multi-touch Tables are specifically designed to be placed in classrooms, pre-schools, retail shops, agencies, reception areas and museums, but can also be used to capture the attention at trade shows and events.

## SmartTouch Software

SmartTouch is the software that lets you manage multimedia content and presentation files more effectively and in a more visually engaging way on any touch-based device.

Easy to use, SmartTouch allows you to control and interact with content naturally thanks to hand gesture recognition.

SmartTouch has been designed to give you an experience much like your smartphone or tablet.

Designed for use with touch screen monitors and with interactive kiosks and tables.

Great at info points, trade shows, museums, retail locations, shopping malls, television news studios, meeting rooms, airports, hotels, universities, schools, training centers, libraries, etc.

## Amazing interaction in high definition

Using your multimedia content and the easily customized pre-loaded templates, you can create your own interactive application in just a few steps.

Prepare your projects wherever you are with the configurator, then import them into SmartTouch with a USB drive or other removable media. Real multi-touch capabilities: multiple users can explore different content at the same time.

Password-protected access to settings and to exit the software
