

Electric Mobile Stand for IWB

SmartMedia's mobile stand for interactive whiteboards is height-adjustable via remote control thanks to an electric motor. It comes with an extension arm for a short-throw projector (model SRE-ST) or with a support bracket for an ultra-short throw projector (model SRE-UST). Metal supports hold the interactive whiteboard in place. Made to fit through doorways and including 4 casters, two of which are locking, the stand can be easily moved from one room to another without the need to remove the projector (swivel arm/support). Both models are compatible with whiteboard sizes 78" to 105".

Specifications: Adjustable height range of 18" – Max. weight supported: 110 lbs. – Whiteboard heights supported: from 44" to 62" – Size (L x H x D): 39"x 81.5"x 27" (min. height) - Size (L x H x D): 39" x 99"x 27" (max. height).

Optional accessories: Notebook and accessory locking storage cabinet (ASN-SRE) for whiteboard stands. It is made of steel and accommodates notebooks with 10- to 19-inch displays. Ideal to protect the computer equipment, it becomes a convenient shelf when open.
