## STORE & CHARGE SOVA 30L CART

Microchip technology featuring three charging modes to proportionally charge laptops saving energy and extending battery life.

### FEATURES

- Includes three 10-outlet electrical units with overload protection and on/off switch for charging laptops and through the Power Management System, which regulates the power and allows all 30 computers to charge from a single outlet without the use of a timer
- Power management system operates in three power modes.
  - Round Robin:** Charges all devices through power cycling and monitors battery life to send charge to the most discharged bank.
  - Turbo Mode:** Dedicates power to a single device and charge 12 devices quickly.
  - Auxiliary Mode:** Shuts power off from the device electrical banks and provides power on top for printers or scanners.
- Full-access double doors in the front for the user, and in the rear for the IT Administrator.
- Cable management hooks in the front conveniently positions power cords to plug into devices. Cord management in the back of the cart is provided by shelves that secure cords and adapters.
- Handles on either side make mobility easy, with one also doubling as a cord winder to keep the power cord neat and out of the way when not in use.
- Easy rolling 5" all swivel casters for tight spaces and two can be fixed anytime to provide added directional control.
- Ships fully assembled and ready for use.
- Wireless device power specifications a 1 amp electrical outlet is located inside the cable closet to provide power to a wireless router. Power is controlled by the on/off switch on the power management system monument and the outlet is always powered regardless of the power mode selection.
- Constructed using an average 30% post-consumer recycled steel content and finished in environmentally friendly powder paint. Steel components are 100% recyclable at the end of the product life cycle. Cart is UL60950-1 Certified for safety of technology equipment and GREENGUARD Indoor Air Quality (IAQ) Certification for low-emitting products.
