Variety

Robust design

- All steel construction
- Designed to be extra secure when locked and bolted to a worksurface or floor
- When these cabinets are stacked, bolted together, and to the floor you have vault-like storage that increases your device storage count by 200%

Device friendly

- Reduces potential damage by cradling each device in its own padded bay
- Slot dividers are easily removed to accommodate larger laptops
- Convenient cord management
- Integration friendly, pull out power adapter storage drawer

Safety first

- Low voltage is separated from high voltage
- UL Listed power strips
- Two - 10 outlet power strips with 3600 joule surge suppressor are included

Universal

- Fits most devices on the market today
- Double your storage by stacking cabinets, without increasing the footprint
- The door can be mounted on left or right side of cabinet
