Cord Channel

Modesty Panel

Cord Channel & Modesty Panel

Cord Channel / Modesty Panel for Flex Training Tables

Cord Channel	Modesty Panel
37256 - for 48" table	37253 - for 48" table
37257 - for 60" table	37254 - for 60" table
37258 - for 72" table	37255 - for 72" table

Tools Required:
Phillips screwdriver
4mm Hex wrench (included)

Attaching cord channel to table

A. Flip the table upside-down onto a non-abrasive surface.
B. Remove the 4 rear-most PHM screws from each leg mounting plate.
C. Attach the front half of the cord channel to the work surface (through the leg mounting plates) as shown using 1/4-20 JC bolts and tighten securely. **Figure 1**.
D. Attach the rear half of the cord channel to the work surface (through the leg mounting plates) as shown using 1/4-20 JC bolts and tighten securely.
***Note*: The hole in the center of the mounting flange does not require a JC bolt into the work surface.**
E. Align the cord channel mounting holes from both halves, and attach together with JC bolts.
***Note*: The rear half will overlap the front, and the JC bolts will thread into the front half.**
