## LINK Cart Document Camera Shelf #55140

**Tools Required:**  
 4mm hex wrench (included)  
 Phillip screwdriver  
 Electric drill w/ #1 Phillips driver + extension

### 1. Attach support brackets

- Attach the left and right support brackets to the LINK cart as shown using (2) 1/4-20 x 20mm JC bolts per bracket. **Figure 1.**
- Do not tighten the JC bolts completely yet.

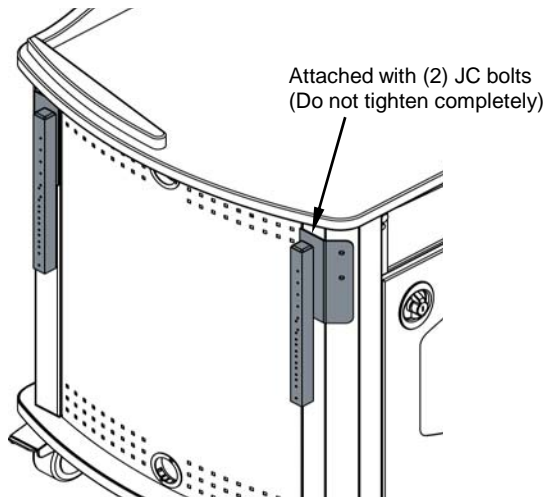

Figure 1

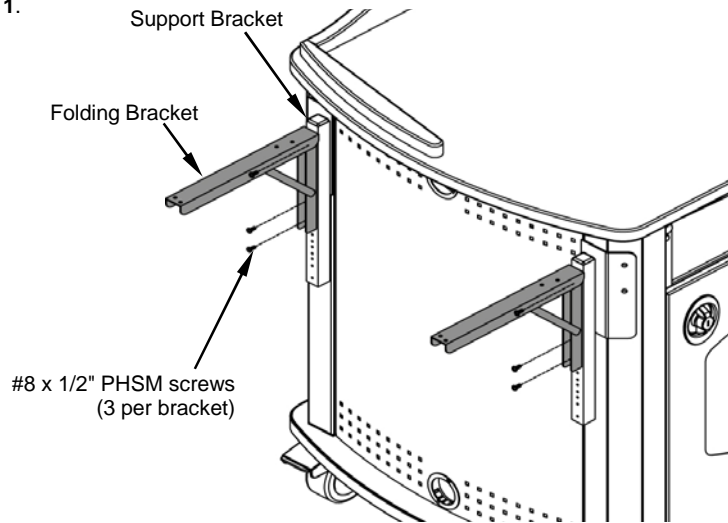

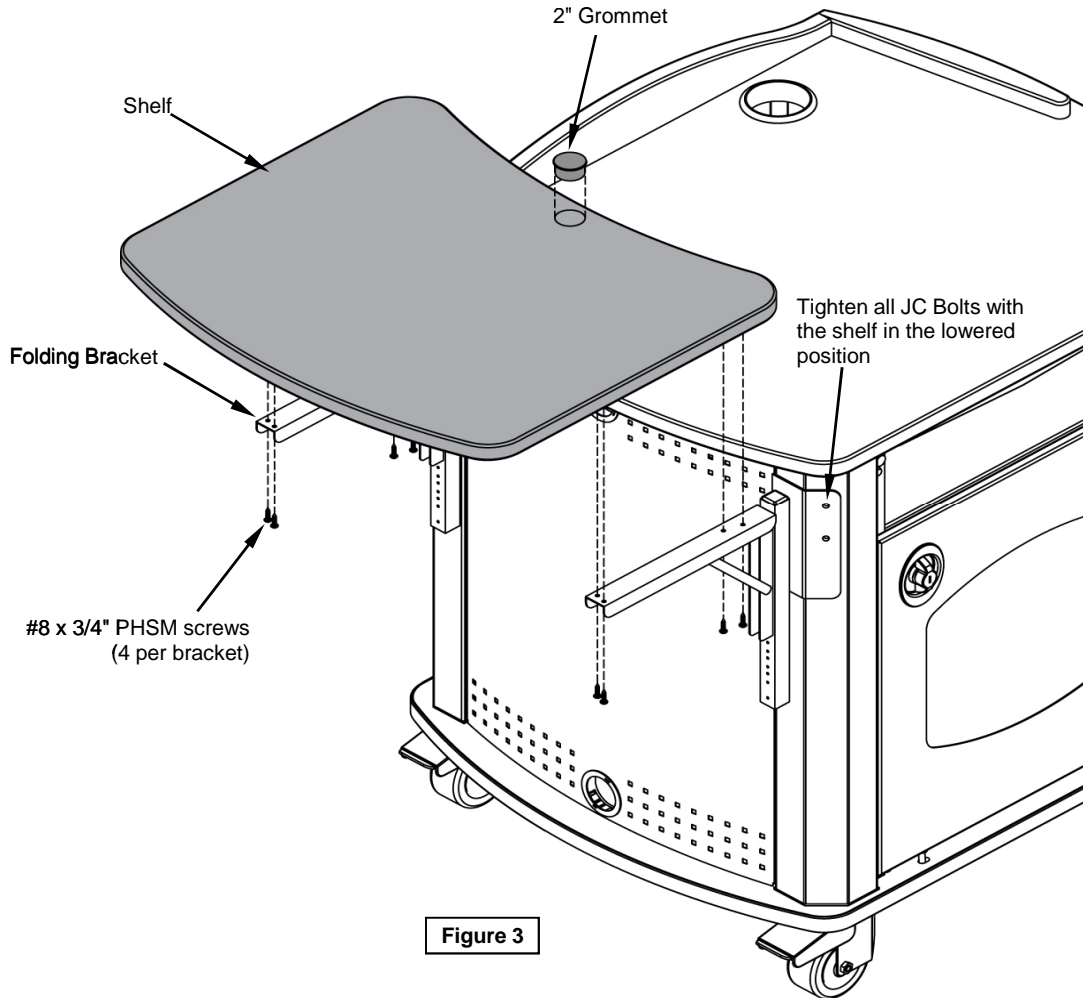

Figure 2

### 2. Attach folding brackets

- Determine the height you would like the shelf to be mounted.
- Open each folding bracket, and align the mounting holes at the desired height.
- With an electric drill, driver extension, and #1 Phillips driver, attach each folding bracket to the support brackets with (3) #8 x 1/2" PHSM screws. Tighten securely, but be careful not to strip out the holes. **Figure 2.**

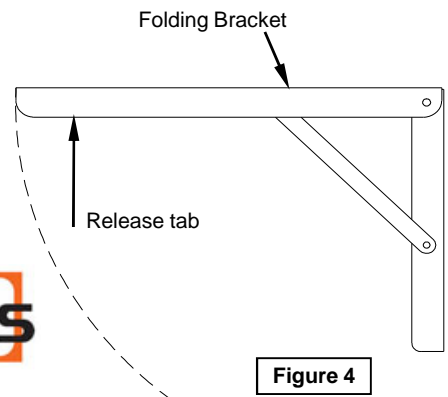

### 3. Attach shelf to folding brackets

- A. With the folding brackets in the "UP" position, set the shelf on the brackets and align the mounting holes.
- B. Attach the shelf to the each folding bracket with (4) #8 x 3/4" PHSM screws and tighten securely with a Phillips screwdriver. **Figure 3.**
- C. Install the 2" grommet.
- D. Lower shelf (see instructions below.)
- E. With the shelf in the lowered position, tighten the previously installed JC bolts securely.

### Shelf operation

The shelf will automatically lock in place when lifted into a horizontal position. To flip the shelf down, push the release tab under each folding bracket at the same time, lift up slightly to disengage, then **slowly** lower the shelf. **Figure 4.**

**CAUTION**  
Be careful not to pinch fingers  
while lowering the shelf.
