

Keyboard Trays

Our keyboards are chosen for their ergonomic advantages and superior construction. The added benefit is that they hide the keyboard out of the way when not in use.

If you need a tray that will slide in and out, up and down, swivel left and right, support the mouse, and has built-in wrist rest support.

Shown is a CLASS desk with 95501
Optional Keyboard Tray and 95502
Mouse Pad Tray.

95501

Swiveling Keyboard Tray

This tray is 20¹/₂" W x 8¹/₂"D and slides in and out. It will also swivel 360°. Keyboard tray will accept the 95502 Mouse Pad Tray (shown below).

95502

Mouse Pad Tray

The Mouse Pad Tray tray is 8³/₈"W x 8³/₈"D and swivels. Mounts on 95501 and 95506

95506

Micro Arm Keyboard Tray

This tray is 19³/₄" W x 10"D and slides in and out (15¹/₂" travel). It also adjusts up and down and can be locked in position. Keyboard tray will accept the 95502 Mouse Pad Tray.

95511

Prime Adjustable Keyboard Tray

This tray adjusts to hold a keyboard up to 8¹/₂"D and slides in and out. Width of keyboard that will fit is only limited by the space under the mount.

It also adjusts up and down, tilts and swivels for added convenience. The tray can be locked in your chosen position.

Cushioned wrist rest is standard. A mouse pad is also standard and can be mounted to either side.

Note: This is the only keyboard that will fit on 24" desks and tables.
