

LT-24 Laptop Cart (H3)

55174 LT-24 w/ 5" balloon wheels

Choose (one) of the following designations and add to part #:

SR - 2 rigid, 2 swivel balloon wheels
(provides more control when mobile)
BW - 4 swivel balloon wheels

Holding up to 24 laptops, the LT24 can support an entire classroom of laptops while providing secure storage and controlled recharging all in one. The design of the cart allows quick loading and unloading of laptops for the students due to two full columns of trays. The laptops lay flat on pull-out trays that allow the students to grasp the laptop with both hands, lessening the chance for damage. Never worry again whether your laptops are charged and ready. Just set them in the LT24, plug them in, and leave them until they are needed again. With the intelligent charging system you have total control. All Spectrum laptop carts that can store more than 15 laptops at a time employ a cycle charger. This insures proper charging, prevents overloaded circuits, and peace of mind for the instructor.

Features and Benefits

Cycle Charger

- The cycle charger intermittently charges two sets of up to 12 laptops (24 total) using a timed switch that provides accurate timed charging/switching and can be set between 15 and 240 minutes.
- 3-position, manual-override / cycle rocker switch with LED indicators switches between charging or auxiliary circuits (A,B-green, AUX-amber)
- 3-position, manual-override / cycle rocker switch switches charging between the A side, cycle charging, or B side
- 15-amp circuit breaker on each charging circuit (breakers protect the laptops from electrical overload)
- Wired with 14 AWG wire

Note: Spectrum does not recommend charging more than 12 laptops at once, or modifying the cycle charger to charge more than 12 laptops at a time. Damage to electrical wiring, charging system, or laptops could result.

5" Balloon Wheel

Standard 7-Outlet Power Strip, insured w/ surge protector, bracket, and 12' cord
10"W x 2"D x 1 1/8"H

Note: If you have the (SR) version (2 rigid, and 2 swivel wheels) on your particular cart, mounting the handle on the same side as the two swivel wheels will provide more control of the cart when mobile.

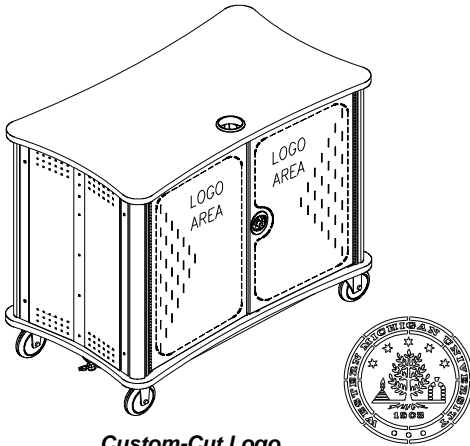

(SR) = 2 rigid, 2 swivel wheels
(provides more control when mobile, but less maneuverability in tight spaces)

(BW) = 4 swivel wheels
(provides more maneuverability in tight spaces, but less control when mobile)

Warranty is void if product is not used for its intended purpose or subjected to an unusual application, multiple-shift use, alteration, accident, abuse or abnormal wear and tear. Representations of colors on-line and in printed materials are meant to be a close reference to the actual colors but not an exact match. Slight variations in color and texture of wood stains, powder coating, laminates, fabrics and other materials are normal in different manufacturing lots; as such these variations are not considered defects.

DESIGNED FOR INDOOR USE ONLY – Unless specifically stated in the product specifications, Spectrum's products have been designed and constructed for indoor use only. Moving or using outdoors, or on excessively rough surfaces, may cause damage to the products and will void the warranty. If an outdoor application is desired please contact us to discuss potential custom design solutions.

The warranty, as stated above, supersedes any previous warranties and is effective as of 9/1/2010
