

LT24 Laptop Cart

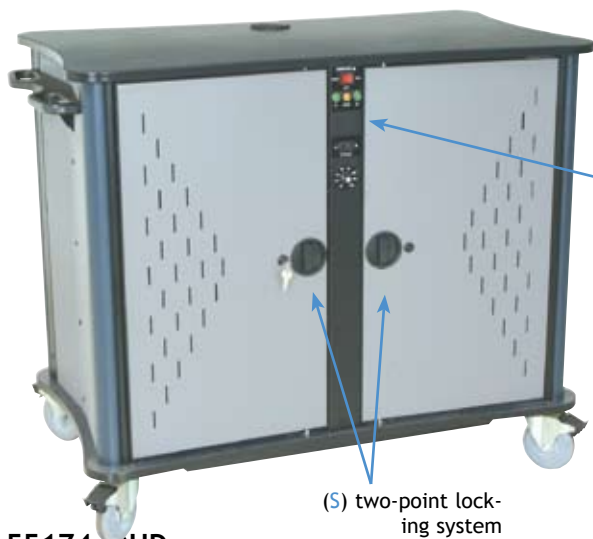

205 Westwood Ave, Long Branch, NJ 07740
 Phone: 866-94 BOARDS (26273) / (732)-222-1511
 Fax: (732)-222-7088 | E-mail: sales@touchboards.com

One cart can support an entire classroom of laptops. The LT24 provides secure storage and controlled recharging all in one. The design of the cart allows quick loading and unloading of laptops for the students due to dual columns of trays. The laptops lay flat on the trays that pull-out allowing the students to grasp the laptop with both hands.

"Thanks again for delivering our laptop cart. It's wonderful in every way - sturdy, easy to access, good looking, efficient, and intelligently designed.... Take care and stop by and see me whenever you're at the College."
 Rich Gabatino
 MCTC - Minneapolis Community and Tech College

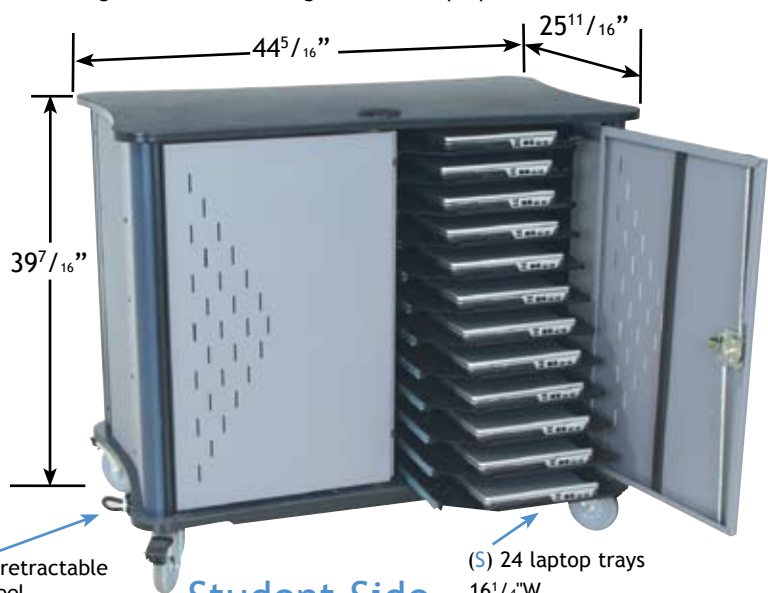

(S) cycle charger prevents circuit overload by alternating between left and right banks of laptops

(S) two-point locking system (front & rear)

55174 IDHD

Order information:

color	Wild Cherry/ Black (CHB)	Indigo Organix/ Dark Gray (ID)
product	55174 CHBHD	55174 IDHD

Standard (S) features

- **Designed for indoor use only!**
- 5" Locking balloon swivel casters have up to 1200 lbs total capacity
- Holds up to 24 laptops (12 on each side)
- 20-gauge steel pull-out laptop trays are 16¹/₄"W x 20⁵/₈"D x 2³/₈"H (between trays)
- Laptop trays pull out from both sides, allowing quick access to laptops on the student side and easy access to cables on the instructor side
- Trays allow laptops to be stored in a flat, horizontal position
- Steel side panels are ventilated to allow heat to dissipate during charging
- Powder coat epoxy paint on all steel components
- Each tray has several convenient wire management locations. Velcro tie-downs are supplied
- Electrical outlets are conveniently located and centered on instructor side for each tray
- Lighted electrical outlet and 15-amp breaker on each of the two circuits (Breakers protect the laptops from electrical overload)
- Six-outlet power strip with surge protection (1,000 joules) and lighted on/off switch for peripherals and accessories
- 3" round grommet with cover on the work surface for access to the power strip
- Retractable 20' cord reel
- 1⁷/₈"W x 3¹/₄"D rectangular grommet on the bottom surface
- Scratch-resistant, high-pressure laminate surfaces
- Ergonomically styled handle made from recycled plastic. One handle comes standard with each cart. Customer can mount handle on either end of the cart.
- 2-point locking door system (front & rear, two on the instructor side and one on the student side)
- Ships fully assembled (except for handle)
- Cycle Charger to prevent electrical circuit overload
- 20' Retractable Cord Reel
- Standard color combinations: Indigo Organix/Dark Gray (ID) and Wild Cherry/Black (CHB)

(S) Superior Cord Management

Instructor Side

Trays pull out from instructors side of the unit for convenient wire management and to control electronic access.

(S) Superior Laptop Management

Student Side

Trays pull out from student side of the unit for easy access to laptops and to simplify laptop distribution and return.

The Cycle Charger provides switching between auxiliary power, laptop power, and off. The timer allows cycle charging from 15 minutes to 4 hours. Shorter times allow quick partial charge for all laptops.

To constantly charge to one side or the other, set the switch to side A or B. Lights above switch indicate which side is charging.

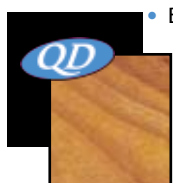

General **Options (O)**: (all options listed in **RED** are installed by customer, instructions included)

- **55141** Custom-Cut Logo
- **55142** Replacement Key Set
- **55171B** Second Handle (plastic, ergonomically styled recycled, black)
- **55172** Laptop Tray Edge Trim (trim softens the edge, kit contains 30 pieces)
